CHATHAM COUNTY COMMERCIAL DRIVEWAY REVIEW

I, Jessie E. Knight, have reviewed the location of the proposed Driveways on SR 1719 (Vickers Rd.) and US 15-501 for the purposed animal hospital.

The proposed driveway on SR1719 is acceptable and a second driveway on SR 1719, east of the first, will be acceptable if the required 100' distance between the two driveways is maintained.

The request for a right in / right out driveway on US 15-501 is **not** acceptable due to the close proximity of the SR 1719 & US 15-501 intersection.

This site is acceptable for this use and a Driveway Permit shall be issued upon our receiving the request for a Driveway Permit and our reviewing the application for conformity to our specifications.

Signed this 23rd day of May, 2005

A handwritten signature in black ink, appearing to read "J E Knight", written over a horizontal line.
