Dear Mr. Tillman:

We are purchasing the property from Spicewood, located on US 15-501, north of Pittsboro and south of Chapel Hill. In reference to the reclamation plan filed by the Jones Brothers for this property, we intend to develop the property for construction. Attached is the preliminary site plan. Once we begin the project and during the construction process, we will adhere to all of the conditions of the reclamation plan, dated October 17, 2001. In addition, our project will be meeting the NPDES Phase 2 criteria for storm water runoff.

We would like to request that our site plan and construction plans be a substitution for the final conditions outlined in reclamation plan on file. Please advise us if there is any additional information required or procedures to follow for this plan.

Sincerely,
M. Travis Blake
President, North Chatham Investments, Inc.
