Re: Banner Tract - +/- 200 Acres - Parcel #10970

Dear Ms. Smith:

Thank you for your letter of 9 October 2006, notifying us of a sketch plan submittal for the Banner property on the Haw River in Chatham County. We hope that the logs and what appear to be foundation stones will be salvaged or perhaps remain in place as a historical curiosity for future owners. I look forward to reading the archaeological report on the Banner land, from which I assume the image you sent was taken.

Although it appears that there are no other structures on the Banner tract, you may yet find traces of human occupation on the two hundred acres. We appreciate your sensitivity to the historical heritage of Chatham County and hope that if you do find more, you will alert the Chatham County Historical Association so that we may add to the documentation.

It may save us all paper and postage if we correspond by e-mail.

Cordially,

Jane Pyle
