

**North Carolina Department of Environment
And Natural Resources
Division of Environmental Health
Public Water Supply Section**

**Application for Approval
of Engineering Plans and Specifications
For Water Supply Systems**

Date _____
(for DENR use only)

Serial No. _____
(for DENR use only)

To: Division of Environmental Health
Department of Environment and Natural Resources

The County Manager

(name of board, or council, authorized official and title, or owner)

of Chatham County

(name of city, town, corporation, sanitary district, water company or other)

in the County of Chatham, State of North Carolina authorized by law to act for

the said Chatham County

(name of city, town, corporation, sanitary district, water company or other)

and to expend its funds for the water project described below, herewith submit for the counsel and advice of the Division

of Environmental Health plans and specifications prepared by Withers & Ravenel, Inc. (engineer or firm)

of 111 MacKenan Drive, Cary, NC 27511 for the installation or construction of

approximately 210 LF of 2" PVC, 780 LF of 6" DIP & 1,580 LF of 8" DIP waterline and appurtenances
(describe project)

for The Hamptons - Phase I subdivision along SR 1700 (Mt. Gilead Church Rd.)

(location of project)

in Chatham County and make application to the Division of Environmental Health for

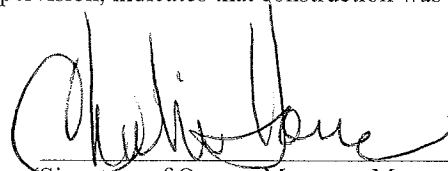

the approval of said plans and specifications as related to public health and protection of public water supplies and

public water systems.

These plans have been approved and accepted by the applicant.

This application is made under and in full accord with the provision of Chapter 130A-317 of the North Carolina General Statutes, and such other statutes as related to public water systems. The applicant agrees that no change or deviation from the engineering plans and specifications approved by the Division of Environmental Health will be made except as allowed by T15A: 18C .0306 or with the written consent and approval of the Division of Environmental Health or its authorized representative. The applicant agrees that a professional engineer licensed to practice in the State of North Carolina shall submit a statement reflecting that adequate observations during and upon completion of construction, by the engineer or by a representative of the engineer's office who is under the engineer's supervision, indicates that construction was completed in accordance with approved plans and specifications.

Remarks: _____

(Signature of Owner, Manager, Mayor or Chairman)

(Type Name Signed Above)

70 South St., P.O. Box 910
(Street or Box Number)

Pittsboro, NC 27312
(City, State, Zip Code)

Status of Water System Management Plan (WSMP)

Check one of the following, and if applicable, provide the required information:

- The WSMP for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- The WSMP that includes this project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the following:

Water System Nme: Chatham County Public Water System

Owner Name: Chatham County

PWS I.D. No: 03-190126

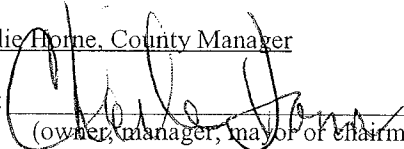

WSMP No: 99-02125

WSMP Submittal Date: 11-23-99

County: Chatham

By my signature below, I certify that the previously submitted WSMP contains the information required by Rule .0307(c) for the project defined in the attached engineering plans and specifications.

NAME: Charlie Horne, County Manager

SIGNATURE: 
(owner, manager, mayor or chairman)

DATE: 8/28/06

- The WSMP for the project, as defined in the attached engineering plans and specifications, has not been submitted.

Note: When the WSMP is submitted, the applicant must clearly identify the previously submitted project engineering plans and specifications for which the WSMP was prepared.

Status of Engineer's Report

Check one of the following, and if applicable, provide the required information.

- The Engineer's Report for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- The Engineer's Report that includes this project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the following:

Water System Name: _____

Owner Name: _____

PWS I.D. No: _____

Engineer's Report No: _____

Engineer's Report Title: _____

Engineer's Report Submittal Date: _____

County: _____

Note: If the previously submitted Engineer's Report covered multiple projects, then attach to this Application, a letter from the engineer stating that the previously submitted Engineer's Report contains the information required by Rule .0307(b) for the project defined in the attached engineering plans and specifications.

These plans and specifications cited in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes, with the following provisions:

This approval is given with the understanding that upon installation of such works, its operation shall be placed under the care of a competent person, and the operation shall be carried out according to best accepted practice and in accordance with the recommendations of the Division of Environmental Health.

The official copies of plans and specifications accompanying this application have been sealed and stamped with the serial number of this application _____. Only such plans and specifications are included in this approval and any erasures, additions or alterations of the proposed improvements except those permitted in T15A: 18C .0306 will make approval null and void.

This approval does not constitute a warranty of the design, construction or future operation of the water system.
