

North Carolina Department of Environment
And Natural Resources
Division of Environmental Health
Public Water Supply Section

**Application for Approval
of Engineering Plans and Specifications
For Water Supply Systems**

Date _____ Serial No. _____
(for DENR use only) (for DENR use only)

To: Division of Environmental Health
Department of Environment and Natural Resources

The Charlie Horne, Chatham County Manager
(name of board, or council, authorized official and title, or owner)
of Baldwin Township,
(name of city, town, corporation, sanitary district, water company or other)

in the County of Chatham, State of North Carolina authorized by law to act for
the said Chatham County Commissioners
(name of city, town, corporation, sanitary district, water company or other)

and to expend its funds for the water project described below, herewith submit for the counsel and advice of the Division
of Environmental Health plans and specifications prepared by Samir W. Bahho, P.E. (engineer or firm)

of Civil and Structural Engineering at 4612 Kaplan Drive, Raleigh, North Carolina 27606 (Tel: 919-621-0628, Fax: 919-
854-1960) for the installation or construction of

Extension of 8" Ductile Iron water main to feed a proposed subdivision comprised of 23 lots with fire hydrants, valves, blow
off assemblies, air release valve and other related appurtenances. An 8" water main exists on Tobacco Road (SR 1537) across
the street from the driveway to the proposed subdivision. See attached plans and vicinity map.
(describe project)

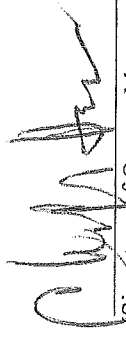

The Woods at Wilkinson Creek Subdivision, Baldwin Twonship, Chatham County
(location of project)

in Chatham County and make application to the Division of Environmental Health for
the approval of said plans and specifications as related to public health and protection of public water supplies and
public water systems.

These plans have been approved and accepted by the applicant.

This application is made under and in full accord with the provision of Chapter 130A-317 of the North Carolina General
Statutes, and such other statutes as related to public water systems. The applicant agrees that no change or deviation from the
engineering plans and specifications approved by the Division of Environmental Health will be made except as allowed by
T15A: 18C .0306 or with the written consent and approval of the Division of Environmental Health or its authorized
representative. The applicant agrees that a professional engineer licensed to practice in the State of North Carolina shall
submit a statement reflecting that adequate observations during and upon completion of construction, by the engineer or by a
representative of the engineer's office who is under the engineer's supervision, indicates that construction was completed in
accordance with approved plans and specifications.

Remarks: _____

(Signature of Owner, Manager, Mayor or Chairman)

Charlie Horne, Chatham County Manager
(Type Name Signed Above)

70 South Street, P.O. Box 1550
(Street or Box Number)

Pittsboro, North Carolina 27312-1150
(City, State, Zip Code)

Status of Water System Management Plan (WSMP)

Check one of the following, and if applicable, provide the required information:

- The WSMP for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- The WSMP that includes this project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the following:

Water System Name: _____
Owner Name: _____
PWS I.D. No: _____
WSMP No: _____
WSMP Submittal Date: _____
County: _____

By my signature below, I certify that the previously submitted WSMP contains the information required by Rule .0307(c) for the project defined in the attached engineering plans and specifications.

NAME: _____
SIGNATURE:  DATE: 10/16/12
(owner, manager, mayor or chairman)

- The WSMP for the project, as defined in the attached engineering plans and specifications, has not been submitted.
- Note:** When the WSMP is submitted, the applicant must clearly identify the previously submitted project engineering plans and specifications for which the WSMP was prepared.

Status of Engineer's Report

Check one of the following, and if applicable, provide the required information.

- The Engineer's Report for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- The Engineer's Report that includes this project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the following:

Water System Name: _____
Owner Name: _____
PWS I.D. No: _____
Engineer's Report No: _____
Engineer's Report Title: _____
Engineer's Report Submittal Date: _____
County: _____

Note: If the previously submitted Engineer's Report covered multiple projects, then attach to this Application, a letter form the engineer stating that the previously submitted Engineer's Report contains the information required by Rule .0307(b) for the project defined in the attached engineering plans and specifications.

These plans and specifications cited in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes, with the following provisions:

This approval is given with the understanding that upon installation of such works, its operation shall be placed under the care of a competent person, and the operation shall be carried out according to best accepted practice and in accordance with the recommendations of the Division of Environmental Health.

The official copies of plans and specifications accompanying this application have been sealed and stamped with the serial number of this application _____. Only such plans and specifications are included in this approval and any erasures, additions or alterations of the proposed improvements except those permitted in T15A: 18C .0306 will make approval null and void.

This approval does not constitute a warranty of the design, construction or future operation of the water system.

Signed:

Public Water Supply Section
