Subject: Booth Mountain Ph. 1

Mike,

I have approved the plans for Woodlands, Williams Pond and Booth Mountain Ph. 1. I have a few comments on Booth Mountain (see attached sheet). Please address these on the final copy that goes to the contractor. The permits can be issued once the fees are submitted. Kelly will probably issue the permits. Continue to send all submittals to this office and they will forward the plans to me for review.

It has been a pleasure working with you and your office. Thanks.

Brian
