Dear Mr. Fluitt:

The North Carolina Department of Transportation is in favor of the relocation of SR 1530 (Polks Landing Road) to the north along US 15/501. This will increase the distance between SR 1530 and SR 1721 (Lystra Road), which will result in an increase in safety to the traveling public.

Please submit your plans for this proposal to this office for our review.

If you have any questions please call me at (336) 629-1423.

Yours very truly,

J. Picklesimer, P.E., P.L.S.
