

Appearance Commission September 13, 2006 Meeting (continued)

Project Two (2) Lee Moore Oil Hwy 15-501 at County Line

Presented by Patrick Bradshaw and Mark Ashness

- **The Appearance Commission recommends that Ilex vomitoria (not dwarf) be added to the Boundary buffer.**
- **The App. Comm. also recommends that the developer use some smaller caliper trees in addition to the proposed large caliper trees in order to create a landscape that reflects diversity in size and variety of plant material.**
