

CHATHAM COUNTY PUBLIC HEALTH DEPARTMENT
Division of Environmental Health
Soil Erosion and Sedimentation Control

April 5, 2007

LETTER OF APPROVAL

James E. Dixon
94 Chatham Dr.
Chapel Hill, NC 27516

COPY

RE: Project Name: Fieldstone Subdivision
Project Number: 2007-010
Acres approved: 6.31
Total Acres: 44.7
Submitted By: Ballentine Associates
Date Received: 3-16-07

Dear Sir or Madam:

This office has reviewed the subject erosion and sedimentation control plan. We find the plan to be acceptable and hereby issue this Letter of Approval. The enclosed Certificate of Approval must be posted at the job site. This plan approval shall expire two (2) years following the date of approval, if no land-disturbing activity has been undertaken.

Section 6 (I) of the Chatham County Sedimentation and Erosion Control Ordinance requires that a copy of the approved erosion control plan be on file at the job site. Also, this letter gives the notice required by G.S. 113A-61.1(a) of our right of periodic inspection to insure compliance with the approved plan.

North Carolina's Sedimentation Pollution Control Act is performance-oriented, requiring protection of existing natural resources and adjoining properties. If, following the commencement of this project, the erosion and sedimentation control plan is inadequate to meet the requirements of the Chatham County Sedimentation and Erosion Control Ordinance, this office may require revisions to the plan and implementation of the revisions to insure compliance with the Act.

Holly Coleman, R.S.
Interim Public Health Director

Acceptance and approval of this plan is conditioned upon your compliance with Federal and State water quality laws, regulations, and rules. In addition, local city or county ordinances or rules may also apply to this land-disturbing activity. This approval does not supersede any other permit or approval.

Please be aware that your project will be covered by the enclosed NPDES General Stormwater Permit NCGO1000 (Construction Activities). You should first become familiar with all of the requirements for compliance with the enclosed general permit.

Please note that this approval is based in part on the accuracy of the information provided in the Financial Responsibility Form, which you provided. You are requested to file an amended form if there is any change in the information included on the form. Please notify us when you would like to schedule a preconstruction conference. Notification shall be given at least 7 days prior to initiation of activity.

*** The land disturbance permit fee must be paid and a land disturbance permit must be on site before construction begins. Failure to obtain the permit prior to construction may result in a Notice of Violation. ***

Your cooperation is appreciated.

Sincerely,

Jim Willis, CPESC
Chatham County Soil Erosion Control Officer
