Jason - I have reviewed your note again and then looked at the proposed changes. I support the changes and plan to be at the public hearing to make that statement. This way you could include this email in the planning board package if you wish. I have copied PB chairman Walker so he knows my views. Thank you so much for sending me the text changes so I would be sure and see them.

Subject: Amendments to the Communications Tower Ordinance

Dave,

I have attached proposed amendments to the Communications Tower Ordinance that are scheduled for public hearing on Monday, March 19. The amendments are intended to clarify the permitting and approval process for communications towers, which was brought up during the Board of Commissioners Summit in January. Let me know if you have any questions.

Jason Sullivan
