The parcel numbers are 75479, 1432, 1406, 1179, 1375 or 64513.

Please let me know what types of information you provide and any specifics you would know about these above mentioned parcels. If you need added information from me please let me know.

My cell number is local, 612-4000 and my email address is dunn535@bellsouth.net

Tom—

With your assurance that the Ripperton farm is not within the proposed subdivision, I can see no evidence of earlier occupation and we have no record of a cemetery on any of the tracts.

Thank you for your call. Should additional relevant information be revealed as you advance with the planning, we would appreciate your sharing with us.

Cordially,

Jane Pyle, Chatham County Historical Association

Tom and David,

It was good to meet you the other day and tour the site for you future subdivision. I wish more developers would be willing to walk their property and discuss minimization/avoidance techniques prior to designing the site layout. I look forward to seeing your environment-friendly proposal.

As promised, I am passing along a Corps of Engineers tracking number for this site: SAW-2006-41652-219. Please refer to this number when submitting any correspondence. It will help me keep the file together as you name and develop your site.

I've also copied Ian McMillan (NCDWQ) on this email. You may want to coordinate any questions concerning the State 401 permit process with Ian. In addition, Ian is experienced in avoidance and minimization and may have other ideas for your consideration.

Don't hesitate to call or email with any questions or concern,
