DEPARTMENT OF TRANSPORTATION
DIVISION OF HIGHWAYS

MICHAEL F. EASLEY,
GOVERNOR

LYNDO TIPPETT
SECRETARY

January 26, 2007

Chatham County

Subject: Subdivision - Plan Review -Valley View

Michael A. Neal & Associates
Attn: Michael Neal
105 W. Corbin St., Suite 201
Hillsborough, NC 27278

Dear Mr. Neal:

The N. C. Department of Transportation, Division of Highways has reviewed the construction plans as submitted to this office and approval is granted subject to the following stipulations and recommendations:

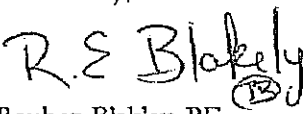

1. All Construction is to be in accordance with the details and changes in red as shown on the plans.
2. The entire right of way is to be cleared and grubbed throughout the whole phase of the project. Please be aware that the areas within the sight distance quadrants are to be treated as right of way.
3. All soil areas within the proposed right of way and any other soil areas disturbed during construction shall be seeded and mulched immediately upon completion of roadway construction. The seeding shall be done as outlined in the seeding specification attachment.
4. The crossline drainage is approved as proposed on the construction plans. If, however field conditions dictate any changes, these shall be made and this office shall be notified. If any of the property owners desire to pipe their ditches within the proposed NCDOT right of way, please advise them that this work should conform to NC DOT specifications for this type of work (see attached). If any ditches are piped and not done to the NC DOT specifications, this could result in the road not being accepted for addition to the state maintained system of roads. Any ditches piped prior to addition to the state maintained system are subject to an encroachment agreement, as are utility companies, when the road is added.
5. The typicals as shown in the plans, are approved.
6. The Division of Highways will only allow mailboxes, with non-rigid type post, such as 4" x 4" wooden or small diameter metal type on new additions. Brick columns or mailboxes on rigid stands such as block, stone or any other type deemed to be a traffic hazard will not be allowed within the right of way. This policy applies to all roads being considered for addition to the State Maintained System.
7. An erosion control plan shall require approval from Chatham County. The developer should forward this plan to Mr. Jim Willis, Erosion and Sediment Control Officer, 80 East, P.O. Box 130, Pittsboro, N.C. 27312, phone (919) 545-8343 for his review and approval.

P.O. BOX 1164, ASHEBORO, NORTH CAROLINA 27204
PHONE (336) 629-1423 FAX (336) 629-7228

Rec
1/31/07

- 8. An erosion control plan shall require approval from Chatham County. The developer should forward this plan to Mr. Jim Willis, Erosion and Sediment Control Officer, 80 East, P.O. Box 130, Pittsboro, N.C. 27312, phone (919) 545-8343 for his review and approval.
- 9. As this subdivision is proposed to be public and is likely to be requested to be added to the state maintained system of roads, the developer will be responsible for providing a PE Certification, (See Attached) and testing results for base and asphalt density stating that the streets have been built in accordance with the most current "Subdivision Roads: Minimum Construction Standards" manual and with the attached approved plans. Please be advised that this PE Certification does not approve the road for addition to the State Highway System for maintenance. When the proper home density is achieved and roads have been satisfactorily maintained, the developer or property owners must submit Form SR-1, Petition for Road Addition (copy attached to this correspondence), and four (4) copies of the recorded plat to request that the road or roads be added to the State Highway system. Any maintenance problems found when the road is requested to be added must be repaired by the developer prior to the road becoming state maintained. As stated in GS 136-102.6, final acceptance by the Division of Highways of the public streets and placing them on the State highway system for maintenance shall be conclusive proof that the streets have been constructed according to the minimum standards of the board of Transportation.
- 10. The developer shall comply with all applicable local, state, and federal environmental regulations, and shall obtain all necessary local, state, and federal environmental permits, including, but not limited to, those related to sediment control, stormwater, wetlands, streams, endangered species, and historical sites.
- 11. A properly completed Verification of Compliance with the Department of Environment and Natural Resources (DENR)(page 35, attached) must be submitted prior to the road(s) being considered for addition to the NCDOT System.
- 12. In preparing the final plat for certification by this office and subsequent recording, the following information will be incorporated:
 - A. The sight distance quadrants at the intersections shall be shown either as a public easement or as the property line.
 - B. Public easements for drainage throughout the development.
 - C. All roads shall be shown as public and the right of way width shown.
- 13. If the plans of this subdivision change in a way that would cause a change in the classification of any roads within this subdivision from Local Residential to Residential Collector the developer will be responsible for upgrading roads to meet Residential Collector standards prior to addition the state maintenance system.

If you have any further questions regarding this matter, please do not hesitate to call this office at (336) 629-1423.

Yours truly,

 Reuben Blakley, PE
 District Engineer

County Driveway Permit File Number 19-695
(Valley View Subdivision)

Subject: Commercial Driveway Permit Application with Entrances on SR 1526

Mr. Michael A. Neal
Michael A. Neal and Associates, PLLC
105 West Corbin St., Suite 201
Hillsborough, NC 27278

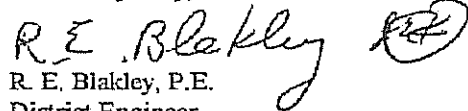

Dear Mr. Neal:

Personnel assigned to this office have conducted a review of the permit Application and approval is granted subject to the following stipulations:

1. The entrances onto SR 1526 is to be constructed in accordance with the attached detail sheet.
2. The entrances onto SR 1526 shall be paved for at least 50' along the centerline of the entrance.
3. The entrances onto SR 1526 shall require radii on each side of the driveways as shown on the attached drawing.
4. No parking or outdoor advertising (signs) shall be allowed inside the right of way of SR 1526.
5. Any areas inside the right of way disturbed during construction shall be seeded and mulched immediately upon completion of construction.
6. Upon completion of construction, final approval by the District Engineer is required prior to opening the access connection for public use (page 9 Driveway Manual).

Attached to this correspondence please find an approved copy of TEB Form 65-04 (Driveway Permit Application - N. C. Department of Transportation). Upon completion of the driveway entrance construction please notify the Chatham County Maintenance Department (Phone 919-742-3431) so a final inspection of the entrance can be made.

Yours very truly,

R. E. Blakley, P.E.
District Engineer

Property Will Be Used For: Residential /Subdivision Commercial Educational Facilities TND Emergency Services Other

Property: is is not within City Zoning Area.

AGREEMENT

- I, the undersigned property owner, request access and permission to construct driveway(s) or street(s) on public right-of-way at the above location.
- I agree to construct and maintain driveway(s) or street entrance(s) in absolute conformance with the current "Policy on Street and Driveway Access to North Carolina Highways" as adopted by the North Carolina Department of Transportation.
- I agree that no signs or objects will be placed on or over the public right-of-way other than those approved by NCDOT.
- I agree that the driveway(s) or street(s) will be constructed as shown on the attached plans.
- I agree that that driveway(s) or street(s) as used in this agreement include any approach tapers, storage lanes or speed change lanes as deemed necessary.
- I agree that if any future improvements to the roadway become necessary, the portion of driveway(s) or street(s) located on public right-of-way will be considered the property of the North Carolina Department of Transportation, and I will not be entitled to reimbursement or have any claim for present expenditures for driveway or street construction.
- I agree that this permit becomes void if construction of driveway(s) or street(s) is not completed within the time specified by the "Policy on Street and Driveway Access to North Carolina Highways".
- I agree to pay a \$50 construction inspection fee. Make checks payable to NCDOT. This fee will be reimbursed if application is denied.
- I agree to construct and maintain the driveway(s) or street(s) in a safe manner so as not to interfere with or endanger the public travel.
- I agree to provide during construction proper signs, signal lights, flaggers and other warning devices for the protection of traffic in conformance with the current "Manual on Uniform Traffic Control Devices for Streets and Highways" and Amendments or Supplements thereto. Information as to the above rules and regulations may be obtained from the District Engineer.
- I agree to indemnify and save harmless the North Carolina Department of Transportation from all damages and claims for damage that may arise by reason of this construction.
- I agree that the North Carolina Department of Transportation will assume no responsibility for any damages that may be caused to such facilities, within the highway right-of-way limits, in carrying out its construction.
- I agree to provide a Performance and Indemnity Bond in the amount specified by the Division of Highways for any construction proposed on the State Highway system.
- The granting of this permit is subject to the regulatory powers of the NC Department of Transportation as provided by law and as set forth in the N.C. Policy on Driveways and shall not be construed as a contract access point.
- I AGREE TO NOTIFY THE DISTRICT ENGINEER WHEN THE PROPOSED WORK BEGINS AND WHEN IT IS COMPLETED.

Mr. Neal,

This is a follow-up email concerning our site visit to the impact area for the sewer line at Valley View Subdivision, in Chatham County, NC. As I indicated at the site meeting, the feature you have proposed to cross with the sewer line is not a jurisdictional stream channel. As such, you will not need a 404 permit from the Corps of Engineers. Please check with state and local agencies for their particular permitting criteria.

I have assigned the action id number SAW-2006-41051-219 to this project. If any additional information is needed please refer to this number.

Thank you.

Application for Approval of Engineering Plans and Specifications For Water Supply Systems

Instructions: To apply for approval for plans and specifications, submit the following materials:

- Three copies of this completed "Application for Approval...;"
- Three copies of the plans;
- For most projects, three copies of the specifications. Alternatively, identify the previously approved standard specifications that the project will use:

Name of System: CHATHAM COUNTY ;

- For most projects, one copy of the Engineering Report (ER). For projects involving the construction or maintenance of a well or wellhouse, two copies of the ER.
 The ER must address the items defined in 15A NCAC 18C .0307(b), including the design basis of the project. For waterlines, show calculations of demand and demonstration that the project will provide adequate supply and pressure; and
- Where the applicant is not the Owner of the Public Water System, a letter from the Owner of the Public Water System agreeing to serve the project and stating that the system has adequate supply.
- After January 1, 2007, a check for the proper application fee amount, per G.S.130A-328.

Date _____
 (for DENR use only)

Serial No. _____

Status of Water System Management Plan (WSMP)

Check one of the following, and if applicable, provide the required information:

- The WSMP for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- The WSMP that includes this project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the following:

Water System Name: CHATHAM COUNTY

Owner Name: _____

PWS I.D. No.: 03-190126

WSMP No.: 99-02125

WSMP Submittal Date: 11/01/06

County: CHATHAM COUNTY

By my signature below, I certify that the previously submitted WSMP contains the information required by Rule .0307(c) for the project defined in the attached engineering plans and specifications.

NAME: _____
(Type or Print Name)

SIGNATURE: _____ DATE: _____
(Owner, Manager, Mayor or Chairman)

- The WSMP for the project, as defined in the attached engineering plans and specifications, has not been submitted.
- Note:** When the WSMP is submitted, the applicant must clearly identify the previously submitted project engineering plans and specifications for which the WSMP was prepared.

Status of Engineer's Report

Check one of the following, and if applicable, provide the required information.

- The Engineer's Report for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- The Engineer's Report that includes this project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the following:

Water System Name: _____

Owner Name: _____

PWS I.D. No.: _____

Engineer's Report No.: _____

Engineer's Report Title: _____

Engineer's Report Submittal Date: _____

County: _____

Note: If the previously submitted Engineer's Report covered multiple projects, then attach to this Application, a letter form the engineer stating that the previously submitted Engineer's Report contains the information required by Rule .0307(b) for the project defined in the attached engineering plans and specifications.

Re: Engineering Plans and Specifications Approval
Water Main Extension
Chatham County Water System to serve
Valley View Subdivision
Chatham County
I.D. # 03-19-126

This is not an Authorization to Construct

Dear Mr. Horne:

Enclosed please find one copy of the "Application for Approval..." together with one copy of the referenced engineering plans and specifications bearing the Division of Environmental Health stamp of approval for the referenced project. These engineering plans and specifications are approved under Division of Environmental Health serial number 06-02171, dated January 18, 2007.

Engineering plans and specifications prepared by Michael A. Neal, P.E., call for the installation of approximately 2,800 feet of 12-inch, 750 feet of 8-inch, 80 feet of 6-inch and 800 feet of 2-inch water mains, valves, hydrants and other related appurtenances along Andrews Store Road (S.R. 1526), Road A and Valley View Lane to serve Valley View Subdivision with 22 lots located off Andrews Store Road (S.R. 1526).

Please note that an "Authorization to Construct" requires both this approval of Engineering Plans and Specifications and submittal of a complete Water System Management Plan. No construction shall be undertaken, and no contract for construction, alteration, or installation shall be entered into until the Department issues an Authorization to Construct letter in accordance with 15A NCAC 18C .0305(a).

These plans and specifications cited in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes. This approval does not constitute a warranty of the design, construction or future operation of the water system.

One copy of each enclosed document is being forwarded to our Raleigh Regional Office. The third copy is being retained in our permanent files.

If we can be of further service, please call on us at (919) 733-2321.

Sincerely,

A handwritten signature in black ink, appearing to read "Tony C. Chen".

Re: **Authorization to Construct
VALLEY VIEW SUBDIVISION
CHATHAM CO WATER SYSTEM
CHATHAM COUNTY NC0319126**

Dear Applicant:

This letter is to confirm that a complete Engineer's Report and a Water System Management Plan have been received, and that engineering plans and specifications have been approved by the Department for **VALLEY VIEW SUBDIVISION, DEH Serial No. 06-02171**.

The Authorization to Construct is valid for 24 months from the date of this letter. Authorization to Construct may be extended if the Rules Governing Public Water Supplies and site conditions have not changed. The Authorization to Construct and the engineering plans and specifications approval letter, shall be posted at the primary entrance of the job site before and during construction.

Approval must be secured from the Department before any construction or installation if:

- Deviation from the approved engineering plans and specifications is necessary; or
- There are changes in site conditions affecting capacity, hydraulic conditions, operating units, the function of water treatment processes, the quality of water to be delivered, or conditions imposed by the Department in any approval letters.

Upon completion of the construction or modification and in accordance with Rule .0303, the applicant shall submit a certification statement directly to HENRI OU of this office. This statement must be signed and sealed by a registered professional engineer stating that construction was completed in accordance with approved engineering plans and specifications, including any provisions stipulated in the Department's engineering plan and specification approval letter. Prior to Final Approval, the applicant shall submit a signed certification stating that the requirements in 15A NCAC 18C .0307 (d) and (e) have been satisfied and if applicable, a completed application for an Operating Permit and fee. Once the certification statements and operating permit application and fee, if applicable, are received and determined adequate, the Department will grant Final Approval in accordance with Rule .0309 (a). Therefore, no construction, alteration, or expansion of a water system shall be placed into service until Final Approval has been issued by the Department.

If we can be of further assistance, please call (919) 733-2321.

Sincerely,

Tony C. Chen, P.E.

Re: **Authorization to Construct
VALLEY VIEW SUBDIVISION
CHATHAM CO WATER SYSTEM
CHATHAM COUNTY NC0319126**

Dear Applicant:

This letter is to confirm that a complete Engineer's Report and a Water System Management Plan have been received, and that engineering plans and specifications have been approved by the Department for **VALLEY VIEW SUBDIVISION, DEH Serial No. 06-02171.**

The Authorization to Construct is valid for 24 months from the date of this letter. Authorization to Construct may be extended if the Rules Governing Public Water Supplies and site conditions have not changed. The Authorization to Construct and the engineering plans and specifications approval letter, shall be posted at the primary entrance of the job site before and during construction.

Approval must be secured from the Department before any construction or installation if:

- Deviation from the approved engineering plans and specifications is necessary; or
- There are changes in site conditions affecting capacity, hydraulic conditions, operating units, the function of water treatment processes, the quality of water to be delivered, or conditions imposed by the Department in any approval letters.

Upon completion of the construction or modification and in accordance with Rule .0303, the applicant shall submit a certification statement directly to HENRI OU of this office. This statement must be signed and sealed by a registered professional engineer stating that construction was completed in accordance with approved engineering plans and specifications, including any provisions stipulated in the Department's engineering plan and specification approval letter. Prior to Final Approval, the applicant shall submit a signed certification stating that the requirements in 15A NCAC 18C .0307 (d) and (e) have been satisfied and if applicable, a completed application for an Operating Permit and fee. Once the certification statements and operating permit application and fee, if applicable, are received and determined adequate, the Department will grant Final Approval in accordance with Rule .0309 (a). Therefore, no construction, alteration, or expansion of a water system shall be placed into service until Final Approval has been issued by the Department.

If we can be of further assistance, please call (919) 733-2321.

Sincerely,

Tony C. Chen, P.E.

Re: Valley View Subdivision Application

Dear Lynn,

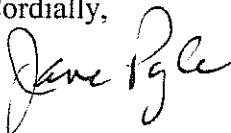

After reviewing the agenda for the next planning board meeting, I would like to comment on one of the items that will be coming before the board.

The proposed Valley View property on Andrews Store Road, so far as we can tell from the concept site plan and AKPAR image, has no structures of any age except for the J.W.E. Farrar cemetery, which is deeded separately. We are pleased to see a design that will preserve and maintain the cemetery, with access from the western cul-de-sac.

Since 1943 this particular piece of property has passed from K. B. Cole to Chesley Burnette to B. I. Morris to members of the Yates family, all well-known names in Chatham's past. Without known historical structures, the property did not call for contacting the Chatham County Historical Association and we were not contacted; however, we hope that the developer will call us should evidence of such structures be revealed as the project advances.

Developers are in a unique position to identify traces on the land of former use and occupancy. Air photos, old maps and deeds, surveys and field reconnaissance: all of these could provide clues to a sensitive observer. Awareness of the possibilities and willingness to share observations at an early stage of planning should not be threatening. Our interest is not in inhibiting the development but in documenting the history before it is obliterated. Thank you for the opportunity to review and comment on this proposed development.

Cordially,

Jane Pyle
