Kay,

I assume you can pull these two items from the agenda for the July 31st meeting.

Subject: Austin property

Angela,

On behalf of Paul Austin, I would like to withdraw the requests to rezone the rear section of his property to Light Industrial and the special use permit associated with that rezoning. We intend to pursue the request for the permit for the Camps and Grounds in the 20 acre area shown on the plans, and I will see you next Tuesday at the Planning Commission meeting.

Thank you,
Carter Crawford
