Chair, Chatham County Commissioners  
67 Robert Thompson Road

RE: Request by Trenton Stewart on Behalf of Brantley Powell and others for subdivision sketch design approval of "Legnd Oaks, Phase III", consisting of 71 lots on 124 acres, located off SR-1721, Lystra Road and US 15-501 North (the "Application")

Dear Commissioner Thompson:

I am writing to request a one month deferral of the Application for Phase III of my residential development known as Legend Oaks. I have been developing this project for approximately three years. We are ready to begin developing Phase III and submitted a complete application prior to the recent enactment of the County's moratorium. In support of the Application, we appeared before the Chatham County Planning Board on June 5, 2007. Although we received a positive recommendation from the Planning Staff, the Planning Board raised several questions unrelated to the requirements for approval of the Application. Despite our efforts to address these questions, the Planning Board voted to recommend denial of the Application. We are now working to address the questions, but need additional time. Accordingly, we respectfully request that the Application be deferred until the July 16, 2007 Commissioners meeting. We are fully agreeable that the time which elapses during this deferral period would not be considered toward the time limit for consideration.

Thank you for your consideration. If you have questions or need additional information, please feel free to contact me.

Sincerely,

**H. Brantley Powell**
