Subject: parcel 82736

Dear Mr. Megginson,

Although we are not direct adjacent property owners, we feel that we are close enough to be concerned about the rezoning of parcel 82736, 587 Old Farrington Road, Williams Township. My husband and I are opposed to the rezoning of this parcel for commercial purposes or any use other than residential. We feel that it is in conflict with the neighborhood and would open the door for additional similar changes in a residential area.

Thank you very much,
