Subject: zoning

After attending the hearing last night, I agree with the majority of the people who spoke and am also against the zoning.

Currently my land is used for farming. However, should the people leasing it decide that they are retiring and no longer wish to farm it, I feel that I have the right to sell it and whoever buys it should have the right to use it as they see fit.

Also, I had a doll shop at my home, which I had to close due to some family issues. Would I be allowed to re open it ? It is in the city limits of Goldston, but not Main Street.

How many members of the planning board have land along the corridors that will be re-zoned? How would they like being told how to use their land?
