Subject: Chatham County: Proposed Subdivision Near Jordan Lake Dam

Michael,
We have received a subdivision request for property located just below the Jordan Lake dam adjoining Corps property and wanted to know if you or other staff members had any comments or feedback about the proposal. I have attached a copy of the layout and you will notice the location of a portion of the dam in the upper left of the map. This is a request for sketch design approval, which is the first of three steps in the approval process for a subdivision. Since it close to the dam we wanted to know if you have any concerns or information that you think would be useful to pass along to the developer, Planning Board and Board of Commissioners. It would be good if you could forward comments to Lynn Richardson, who is also copied on this email, before September 4th, which is the date that the Planning Board will review the request. If you have any questions you can email us or call Lynn Richardson at 542-8207 or me at 542-8233. Thanks

Jason Sullivan
