Dear Ms. Bahe:

Thank you for calling about the McCoy property for which you are preparing a sketch design for subdivision and for arranging a visit to the site on 9 July 2007. This area below the New Hope dam has a rich history from the earliest settlement of Chatham County, and we pleased to learn more about it before the area changes again.

We appreciate the opportunity to identify and locate a cemetery that was not included in the survey begun in 1989 of Chatham County cemeteries. Although the graves in it are not identified, there is a possibility that learning more about families in the area will reveal enough to give it a name as well as a code number.

We will follow with interest the progress of this subdivision.

Cordially,

Jane Pyle, Chatham County Historical Association
