The time period for input on these revisions is September 10. See the attached e-mails from Monte Matthews with the Corps of Engineers and Mitch Barron with Newland Communities. This item may be discussed during the Commissioners' work session Tuesday September 4 before the Planning Board meeting.

The preliminary plat shows road names of 'Briar Chapel Parkway West' and 'Taylor Road'. These are not the approved road names. The Chatham County Emergency Operations Office has approved the road names 'Briar Chapel Parkway' and 'Catullo Run'. The correct road names show on the final plat.

**RECOMMENDATION:** It appears that the necessary permits have been received for approval. It is the Planning Department recommendation that the request be approved as requested with the condition that any construction related to the requested revisions to the stream crossing permits not impact the affected area until required permits have been approved.
