Re: Galloway Ridge Phase II

Dear Mrs. Birchett:

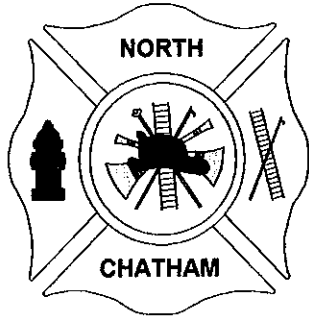

Recently I met with Jason Cronk and Robert Flynn of Fearrington Village to review their plans for Phase II Galloway Ridge. The Sheriff's Office has been apprised of this project and I believe it can be served with the continued support of the Sheriff's Office with the following understanding: If the new development results in increased calls for service, the Sheriff's Office budget may need to be adjusted accordingly by the Board of Commissioners to allow for additional resources.

If you have any questions, please call.

Sincerely,

A handwritten signature in black ink that reads 'Richard H. Webster'. The signature is fluid and cursive, with the first name being the most prominent.

Sheriff Richard H. Webster
Chatham County Sheriff's Office

To Whom It May Concern:

Preliminary plans for the new addition at Galloway Ridge independent living and health care center have been reviewed by the fire department. During the discussion of this addition to the complex, the fire department asked Galloway to consider a road design that would meet maneuverability and turning needs of fire apparatus. The distance that the new wings would be from the roadway should also be considered. The closer the road access in most situations to the building, the more versatile the positioning of an aerial apparatus could be. These concerns to addressed in final plan review.

Sincerely,

John Strowd, Chief
