**Subject:** Winter Custom Yachts Driveway Access to SR 1750  
**Attachments:** Card for Justin E. Bullock

Ms. Birchett,

Per our conversation, Mr. Nicolas Robinson has requested that I contact you regarding the status of NCDOT review of the proposed Winter Custom Yachts site off of SR 1750. Plans for driveway access to this site have been previously submitted to NCDOT for review. NCDOT met with Mr. Carter Crawford onsite on Thurs. 3/13/2008 to locate a more suitable location for one access into the property. Once a revised plan set is submitted for review, NCDOT will again consider a driveway access for the aforementioned property.

If I can be of any more assistance, please advise.

Justin Bullock, E.I.  
Asst. District Engineer  
Division 8, District 1
