Re: Water System Approval
The Knolls Subdivision

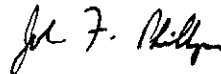

Dear Ms. Richardson:

This letter is to confirm to you that we have received approval of the proposed water system for the referenced subdivision from the Public Water Supply Section of the NC Division of Environmental Health. As indicated by the attached pages printed from the PWSS website, the Authorization to Construct was issued by Mr. Heinrich Ou on July 8, 2008. There is typically a one to two week time period between when the Authorization is issued and when the applicant receives the approval letter.

We will forward a copy of the Authorization letter for your files when we receive it. Please contact us if you have any questions in this matter.

Yours very truly,

Diehl & Phillips, P.A.
