We are writing in support of the proposal of Irene Gattis and Joe Mosnier for the development of the Mann's Chapel Event Center and Café. As residents of Lamont Norwood Road for the past twenty-five years we would value this addition to our community and the preservation of this important building. We have attended church services, weddings, funerals, crèche scenes, parades, and even counted votes at this historic site over the years and would love to see it once again function as a community gathering spot, particularly as described in Joe's and Irene's vision for an establishment centered around local agricultural products.

Thank you for considering this request.
