

The Chatham County Appearance Commission met Oct. 14th, 2000⁹ at 6:30. Attending was Ginny Gregory, Sue Schwartz, Davis Andrews, Grim Hobbs, Al Cooke, Kitty Griffith and Ben Howell.

Brian Sawyer was the only presenter. All issues that had been raised by the planning board and the appearance commission were dealt with accordingly. The changes are as follows:

1. The building was moved forward and there are now parking spaces in the back for equipment and storage of some material
2. The parking spaces in the front have been adjusted per the planning board request. We suggest he make the surface solid near the handicap ramp for true accessibility
3. Aqua N.C. letter was received and shown for wastewater hookup
4. The applicant is abandoning the use of the current well. We suggested he go thru proper channels to abandon it properly
5. The will be a residence on the top floor of the building
6. No dumpsters needed
7. Sign and lighting on sign is up to code
8. We suggested Cryptomeria in front of the house in lieu of the Leyland Cypress he had on the plan
9. The landscape he presented is otherwise fine
10. NCDOT has not replied concerning the commercial driveway
