Subject: RE: Heard cell tower project
Mr. Barr,

It was described to me that the basis of the Heard Cell Tower project is a property subdivision (for the existing cell tower area) and no construction or land disturbing activity is proposed. If this is the case, an erosion and sedimentation control plan does not have to be submitted and a land disturbing permit will not be required.

Good luck with your project.

Jim Willis, CPESC
Erosion & Sedimentation Control Division Supervisor
Chatham County Sustainable Communities Development Department

Subject: Heard cell tower project

Jim: Sorry I missed your call today. My email address is WBarr@bbandt.com. Thank you for your assistance. I look forward to

receiving your email indicating that "no erosion control plan is required for this project".
Happy New Year!
