Lynn--

It doesn't look like there is anything we should be involved in here. Thanks for the notification.

There will be a Technical Review Committee meeting on **Wednesday, October 14 at 8:30 in the Dunlap Classroom** to review the Heard Cell Tower major subdivision request. A copy of the proposed plat can be review on the Planning Department webpage under Scheduled Community Meeting. The applicant and /or his representative will be present to answer any questions you may have. The request is to subdivide a one (1) acre parcel of land containing an existing cell tower out of a larger 43 acre tract. A community meeting on the request was held on September 28, 2009 at the office of Bradshaw & Robinson, LLP. Let me know if you have any questions.
