A RESOLUTION APPROVING A REVISION TO A CONDITIONAL USE PERMIT REQUEST

BY Jeffrey House dba Jordan Dam RV Park

WHEREAS, Jeffrey House dba Jordan Dam RV Park has applied to Chatham County for a revision to an existing conditional use permit on Parcel No. 11257 located at 284 Moncure School Road, Haw River Township, to add the 1.435 acre tract from Parcel No. 88475 to the existing 10.35 acre tract to expand rv sites but not add any additional spaces or hookups, and;

WHEREAS, the Chatham County Board of Commissioners having considered all of the evidence in the whole record and based upon the competent, substantial and material evidence in the record, including, without limitation, the Applicant's written materials, all of which are incorporated herein by reference, hereby finds as follows:

1. The use/s requested are among those listed as eligible uses in the district in which the subject property is located or is to be located. The approved use continues to be allowed within the district in which it was originally approved. No other uses are requested or changes in use.
2. The requested conditional use permit is either essential or desirable for the public convenience or welfare because, among other reasons, the applicant has continued to operate this business in the same manner as the original approval in 2007. Sustaining existing businesses in the county is an objective of the Land Conservation and Development Plan. This expansion is to provide more open space and allow the units to be further spread out. No increase from the approved 44 spaces is allowed.
3. The requested permit will not impair the integrity or character of the surrounding or adjoining districts, and will not be detrimental to the health, safety or welfare of the community. The expanded area is not visible from the public roadway and additional landscaping will be installed to soften and shield the park from potential view. A pond and pier have also been constructed for the enjoyment of the tenants. All regulations will continue to be met.
4. The requested permit is consistent with the objectives of the Land Development Plan by, among other things, encouraging a mix of development by guiding balanced growth to suitable locations while maintaining rural character. This property is located behind the House family which allows them to oversee and maintain the property as a home-based business. The site adds temporary housing and helps to support tourism to the county.

5. Adequate utilities, access roads, storm drainage, recreation, open space, and other necessary facilities have been or are being provided through the proposal consistent with the County's plans, policies and regulations and confirmed through any additional conditions placed on its approval as seen below. The site currently has an approved commercial driveway permit, septic systems, and water supply. The site is located within the WSIV-PA watershed and is permitted up to 36% impervious surface. The expanded site currently yields approximately 17% impervious surface per the submitted site plan.

NOW, THEREFORE, BE IT RESOLVED BY THE CHATHAM COUNTY BOARD OF COMMISSIONERS, as follows:

That a Conditional Use Permit be, and it hereby is, approved for the reasons hereinabove stated subject to the additional stipulations and conditions set forth hereinafter; and

BE IT RESOLVED FURTHER, that the Chatham County Board of Commissioners hereby approves the application for the conditional use permit in accordance with the plan submitted by the Applicant, Jeffrey House dba Jordan Dam RV Park, and incorporated herein by reference with specific conditions as listed below;
