Sue Schwartz, Grim Hobbs, Davis Andrews

Members absent:

Al Cooke

Planning Board Staff present:

Angela Birchett, CZO

Presenters:

John Morrison and Nick Szydle of Strata Solar

Strata Solar plans to erect a solar array on property they own on Farrington Point Rd. The company currently uses a portion of the property and an existing metal building for storage of materials used in their solar installation business. Landscaping will be installed at the entrance to the property. The Appearance Commission had no further recommendation for additional planting materials beyond what is indicated on the plans submitted.
