DISCUSSION AND ANALYSIS: The approval of the preliminary plat by the Planning Board and the Board of County Commissioners serves as permission to begin construction according to the plans and as a basis for preparation of the final plat. The developer is requesting preliminary plat approval for an extension of a portion of Briar Chapel Parkway and Boulder Point Drive. Both roadways will be constructed as public, state maintained roadways. NCDOT has reviewed and approved the road plans. Agency permits as required for a preliminary plat submittal have been received as follows:

NCDENR DWQ	Stormwater Management Plan	October 4, 2011
	Boulder Point Extension	
NCDENR DWQ	401 Water Quality Certification	August 31, 2009
DEPARTMENT OF THE ARMY CORPS OF ENGINEERS	404 Stream Impact Permit	August 21, 2009
NCDENR	Water Main Extension	Oct. 31, 2011
Public Water Supply		
NCDENR	Authorization to Construct	Nov. 1, 2011
Public Water Supply		
CHATHAM COUNTY	Erosion and Sedimentation Control	Nov. 9, 2011
NCDOT	Roadway Plans	Nov. 7, 2011

The permits listed above can be viewed on the Planning Department website at www.chathamnc.org/planning.

The road names Briar Chapel Parkway and Boulder Point Drive have been previously approved by the Emergency Operation Office.

There is an historical site on the north side of this portion of Briar Chapel Parkway, however, per the engineer, it is more than 100 feet from the edge of the right-of-way.
