Re: Extension of Pittsboro ETJ

On Monday, October 22, 2012 the Town of Pittsboro Board of Commissioners voted to request Chatham County's consent to the extension of the town's extraterritorial jurisdiction to include property of Chatham Park Investors. The owner has requested the extension in order to have its future development plans reviewed in a comprehensive fashion by the Town. Most of the owner's property is already within the Town's jurisdiction.

I have attached a copy of the Town's resolution along with a proposed resolution for the County Board of Commissioners to consider. Since the issue is noncontroversial I hope that it can be placed upon a consent agenda in the near future.
