**Re: *American Tower and AT&T Mobility  
Application for a New Wireless Telecommunications Facility  
Location: 464 Old Farrington Road, Chapel Hill, NC 27514  
Chatham County Parcel I. D. Number: 20032***

Dear Hillary:

This letter confirms your conversation with Trisha Butler in my office that American Tower and AT&T Mobility, as part of their presentation to the Chatham County Board of Commissioners on June 16, 2014, will inform the Commissioners of their intent to modify the requested height of the proposed telecommunications facility to 150-feet (plus a 4-foot lightning rod) and willingness to accept a condition on the approval of the permit that would limit the facility to this height.

Revised elevation plans and other documentation to reflect this lower height will be presented to the County prior to the Planning Board meeting on July 1. I am sending this notification to you to memorialize in writing AT&T Mobility's commitment to its surrounding neighbors to no longer request a 195-foot facility, as stated in the original application, but to request that the Commissioners approve only a 150-foot tower.

If you have any questions or comments prior to the public hearing regarding this change or any other aspect of the application, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "M. Gray Styers, Jr." in a cursive style.

M. Gray Styers, Jr.  
NC Zoning Counsel  
for American Tower Corporation  
and AT&T Mobility
