Insert written comments here: This location at 8193 Hwy 751 have outdoor speakers for these planned events, there was loud rap music the evening of July 4th which was obscenely loud it but was getting dark so I recall going inside the house and contemplated calling the police as i have never had that experience in the 25 yrs i have lived next door.

The ride on diesel wakes me up, goes on for 4hours notice the rider has ear protection as it sounds like a distant low flying helicopter.

My neighbor and I both are stay at home people, she has a home business and I am a retired nurse and we are outdoors a lot growing vegetables etc. As an example we have seen the neighbor to our north forced out by the noise & bought out by the For Gardens Sake nursery which we hear all day and has grown to 17 acres which i supported when it was a few acres, now with elevated road, irrigations pump noise, big mulch trucks, crashing dumpsters etc, the escaped herds of goats with orchard damage was resolved & swans & geese wandering here which we dont mind but the escaped peacocks that screamed for months behind our house & attacked my husband and left him bleeding while they denied owning them as this is a business and the owner is off site. So you can see what approval means carte blanche to do pretty much anything,
