

substantially inconsistent therewith. For each phase, a "Zoning Determination Permit," as used elsewhere in this resolution, shall be issued by the Planning Department on a phase-by-phase basis, prior to the issuance of any building permit for structures in that phase.

20. Moderate Income Housing. With the consent of the Applicant, and as an approximately equivalent alternative to and in lieu of the housing standards for Moderate Income persons set forth in Option A of the Compact Community Ordinance, the developer shall contribute 2.5% of the approved lots in the overall development, or each phase if developed in stages, for ultimate sale as directed by the County to persons or families whose income is 80% or less of the Area Median Family Income standard by family size and shall contribute \$1,100,000.00 to the County for the purpose of ameliorating the housing needs of Chatham County citizens. Said contribution shall be payable to Chatham County on a prorated basis upon final subdivision plat approval of each phase of the development. Such contribution represents the approximate value of 2.5% of the approved lots in said overall development or phase thereof as applicable.

21. Environment. The lots on Bennett Mountain shall be relocated to lessen the impact of the development on the primary and secondary environmental areas as described in the Natural Areas Inventory. The Bennett Mountain area will be one of the last areas for line installation and spray irrigation. If future regulatory changes, and/or approved system flow reductions, will ultimately result in this area not being needed for irrigation, lines will not be installed in this area unless otherwise required by the State. Before any lines are installed in the Bennett Mountain area, Newland will seek further flow reduction approval or other necessary state permission under the then existing applicable regulations so as not to be required to install irrigation lines in this area in order to comply with permit requirements and the then existing applicable regulations.

22. Erosion Control. If applicable, an erosion and sedimentation control plan be approved by the North Carolina Department of Environmental Health and Natural Resources or other authorized governmental entity and submitted to the Planning Department prior to the issuance of a Zoning Determination Permit.

23. Silt Control. The applicant shall take appropriate measures to prevent and remove the deposit of wet or dry silt on adjacent paved roadways.

24. Appeal. In the event it becomes necessary for the County to respond to or defend any action, cause of action, claim, or appeal involving this resolution or the decision taken herein, the applicant, its successors or assigns shall indemnify and hold the County harmless from all loss, cost or expense, including reasonable attorneys fees, incurred in connection with the defense of or response to any and all actions, causes of action, claims, demands, damages, costs, loss, expenses, and compensation, either known and unknown, resulting to or from this decision.
