(prior address Briar Chapel )

I have worked with Nina Lloyd through an organization called P.E.O. It is a philanthropic organization that works to promote the education of women internationally. Nina currently serves as our treasurer--and understands the challenges facing charitable organizations. She has agreed to host our November Fundraiser at no cost--insuring proceeds of the event to go directly to our mission (rather than paying a significant portion of money raised to rent space at another local venue). I believe Opus will offer other worthy organizations similar opportunities as well--and that Chatham County residents will benefit from Opus Financial Advisors' presence in the community.

Thank you.

Anita Hennis  
Past president of N.C. State Chapter P.E.O.
