

Two-Way Affair

Editor of the Daily News:

Concerning the Public Pulse letter of Feb. 23, "Inalienable Rights," I would like to answer a few of the writer's questions and also give a few of my own views.

First of all I have read diligently the entire Bible, and I can find no place which condones integration. In Genesis it says the Lord proclaimed, "Let each produce after its own kind." The 10th chapter of Ezra, verse three says, "Now therefore let us make a covenant with our God to put away all the wives, and such as are born of them according to the counsel of my lord . . . and let it be done according to the law."

The wives it speaks of there were of a different nationality. Look at the Eskimos and the Hawaiians for an example of the negative results of integration. There were countless deaths due to strange diseases and a higher crime rate, to mention a couple.

"Love thy neighbor as thyself" is a two-way affair. The Negroes are insisting that the white man love them, but they haven't returned very much so far, and it's doubtful they ever will. I don't believe that it is the Lord who is answering those prayers the writer speaks of. That would be contradictory to the teachings of the Bible.

Do Negroes know why they can't have "swimming pools, golf courses and other such luxurious places of enjoyment and leisure"? Because they contribute their money to such things as the N.A.A.C.P. and others whose only interest is to stir up unrest.

Martin Luther King, Jr., made the statement that his organization had \$100,000 in several banks in several states. That would build several swimming pools, golf courses, etc. They should

remember that "it's not what you've got, it's how you use it." If that same money were used wisely the colored people wouldn't need those outside agitators to try to make trouble for people of all races.

They must be ashamed of their color. They certainly show no racial pride, so they must be pitied. For by trying to force themselves into the white society, they are taking one step forward and two steps backward.

All Christians should be afraid to flout God's law.

I can't see damning my soul for the "privilege" to eat next to a person of another race in a dime store, or swim with them, or play golf with them. "For what purpose shall a man gain the whole world and lose his own soul?"
