

Destruction Of Race?

Editor of the Daily News:

I have nothing against any race of people. But I don't want any part of what I have to say to sound like I favor mixing of whites and blacks.

If mixing should ever be completed it would finally mean destruction of our white race. I have not heard of mixing stopping at the schoolhouse yet.

Mixing will not work in America. The eyes of the people are on the white person that favors mixing of us whites and blacks. Such will not work.
