

"Hypocrites"

Editor of the Daily News:

God made man in His image and breathed in his nostrils the breathe of life, and man became a living soul. Then He said that everything had a help meet except man. Then He put Adar to sleep and took a rib out of Adam and made woman.

And when He had finished making the woman He woke up Adam and he looked at the woman and said she was beautiful and called her woman. And it's been woe unto man ever since.

God said, "If you love me you will keep my commandment." Now if you said you love me and keepeth not my commandment, you are a liar and the truth is not in you. And if you read the book of Matthew, all who take part in the Negro sit-down strike are nothing but hypocrites.

And all that take part in the Negro sit-down strike are not followers of Christ. For He said they are not keeping my commandment. Are they letting their light shine for God? He said let thy light so shine that others can see the good work and glory our Father which is in Heaven.
