

"Spirit And Courage"

Editor of the Daily News:

This letter is in response to the two letters written by the Rev. Vance Barron of Chapel Hill and David Neave of Guilford to the Public Pulse on March 17. The two writers are to be commended for their excellent analyses.

Their letters were written with sharpness of precision and penetrating insight into the issue under discussion. They cut through the myths, the emotionalisms and the cliches that have clouded and cluttered up this issue.

Their message, filled with passionate urgency and eloquent, ringing logic is this: Now is the time, now is the acceptable hour, to be honorable, decent citizens. Not tomorrow, not even through commissions, but let us cease talking and act. Their spirit and courage are sorely needed in these turbulent times.

THE REV. JOHN F. HATCHETT
Greensboro.
