

keep these stores in business, not the Negroes.

I believe the Negroes should have opportunities for progress but on a segregated basis.

They are human and should be treated as human; but when it comes to mixing the races, it is wrong.

We should know that inter-marriage is their ultimate aim.

So many people are speaking of the eyes of other nations watching us. Our country is being hurt by this racial strife. Are we to barter white supremacy to win favor with other nations?

I say, No! We have done no wrong. We have befriended the Negroes. We have provided for them with our tax funds and provided them with schools and colleges.

Why doesn't the N.A.A.C.P. use its funds to provide Negroes with their own swimming pools, stores, cafeterias, etc., instead of trying to take over places where they are not welcome. Have they no pride?

I say to the Negro race, take pride in your race. Do things for yourselves and you will be much happier than you will to try to push yourselves into the white race.

We should not forget that Abe Lincoln freed them many years ago.

Who has brought them to where they are?

We, the white people, know who is responsible for their present status. So do the Negroes and now they are trying to take matters into their own hands, hitting at the white race which has brought them this far.

They want to take over the lunch counters in privately owned businesses. Why? If separate lunch counters were provided for whites and Negroes, would the Negroes be content to sit at the counters provided for them? I'm sure they would not.

I think it would be worth while if they were given a trial.

I believe those church women and ministerial groups would get their eyes opened, and wide open, to what the Negroes really want.

These groups of whites are only speaking for themselves, not the majority of the people by far.

Let the Negroes boycott the stores. They will soon trail back in.

White people could also boycott them too. They are the ones who
