

# Staff Report

## City of Manhattan Beach

**TO:** Honorable Mayor Tell and Members of the City Council

**THROUGH:** David N. Carmany, City Manager

**FROM:** Richard Thompson, Director of Community Development

**DATE:** October 4, 2011

**SUBJECT:** Consideration of Planning Commission's Request Seeking Direction from the City Council Regarding the Review of the Number and Type of Liquor Licenses in the City.

---

### **RECOMMENDATION:**

Staff recommends that the City Council discuss and provide direction.

### **FISCAL IMPLICATION:**

There are no fiscal implications associated with the recommended action.

### **BACKGROUND:**

The Planning Commission has recently reviewed requests for a number of liquor licenses and wondered if the City Council felt further study is necessary which may result in establishing a change in policy toward approving such permits.

The Department of Alcoholic Beverage Control has the dual responsibility for both the issuance of liquor licenses and the regulation of existing licensees. The Department issues two broad categories of alcohol licenses. On-sale licenses are issued for businesses that sell alcohol for consumption on the premises, such as bars and restaurants. Off-sale licenses are issued for businesses that sell alcohol for consumption off the site, such as grocery stores, liquor stores, and corner markets. Additionally, one-day licenses are issued for the sale of alcohol at special events, and other miscellaneous licenses are also available.

Cities have limited authority over issuing liquor licenses. Currently the City requires a Use Permit for any type of liquor license in commercial zones and if approved is considered an entitlement that remains with the property. The City must also make the finding that there is not an "undue concentration" of liquor licenses at the proposed location and the "public convenience and necessity" would be served by the approval of the proposed license.

### **DISCUSSION:**

The Planning Commission considers Use Permit applications for liquor licenses on a case-by-case

basis. The Planning Commission does not consider broader policy issues in the context of reviewing an application. A broader policy issue might include the number and type of licenses in our community and how that compares to other communities. At the July 27<sup>th</sup> Planning Commission meeting, this issue was raised by commissioners as one for potential study since the Planning Commission continues to receive and review applications for new and expanded liquor licenses. The Planning Commission understands that it does not have the authority to study that issue without direction from the City Council. The Planning Commission wanted to raise this policy issue with the City Council as a potential topic for either the City Council or the Planning Commission to review.

### ***Use Permit Findings***

In order to approve a Use Permit or an amendment to a Use Permit the following findings must be made by the Planning Commission in accordance with MBMC Section 10.84.060.

- 1. The proposed location of the use is in accord with the objectives of this title and the purposes of the district in which the site is located.*
- 2. The proposed location of the use and the proposed conditions under which it would be operated or maintained will be consistent with the General Plan; will not be detrimental to the public health, safety or welfare of persons residing or working on the proposed project site or in or adjacent to the neighborhood of such use; and will not be detrimental to properties or improvements in the vicinity or to the general welfare of the city.*
- 3. The proposed use will comply with the provisions of this title; including any specific condition required for the proposed use in the district in which it would be located;*
- 4. The proposed use will not adversely impact nor be adversely impacted by nearby properties.*

### ***Planning Commission Authority***

In accordance with Chapter 10.84 of the MBMC, the Planning Commission conducts a public hearing and has the authority to approve, approve with conditions or deny the Use Permit Amendment. With any action the Use Permit findings must be considered (10.84.060 A), and conditions (10.84.070) may be placed on an application. The Commission has the ability to modify the proposal to meet the Use Permit purpose, findings, and criteria.

### ***Typical Conditions***

- Limitation on the hours of operation
- Comply with approved plans, which includes layout of seating and bar areas, and location and size of alcohol sales display area
- Food service must be available at all times
- Limitation on promotion and advertising
- Sound attenuation
- Crowd control measures
- Security measures
- Regulating entertainment and dancing

***Public Input***

A public notice is required for all Use Permit proposals which are mailed to the property owners within 500 feet of the site and published in the local newspaper.

***Comments from the Police Department***

The Police Department evaluates and provides input for each request for a liquor license. They consider the following when evaluating each request;

- Location of business (commercial, residential, proximity to schools and the surrounding area)
- Impact on traffic and parking
- Quality of life issues
- Saturation (number of ABC licensed businesses in the area)
- Inquiry into previous issued ABC license for disciplinary action

They will then recommend conditions to be placed on the location such as hours of operation, sales and service, noise restrictions and other appropriate recommendations.

The Police Department supports the City's current policy of review on a case-by-case basis. Some of the above factors may not be considered in a broad policy and in using a broad policy some conditions may be imposed on all license types that are not necessary for some locations. Also the uniqueness of a business may not be considered in using a broad policy.

**ALTERNATIVES:**

1. No change to existing policies and procedures
2. Request staff to study this issue further and return with recommendations
