

Staff Report

City of Manhattan Beach

TO: Honorable Mayor Tell and Members of the City Council

THROUGH:  David N. Carmany, City Manager

FROM: Jim Arndt, Public Works Director
 Juan Price, Maintenance Superintendent
 Clay Curtin, Management Analyst 

DATE: April 17, 2012

SUBJECT: Plans and Specifications and Award a Contract to C.T. Georgiou Painting Co. for the Facilities Maintenance Painting 2012 Project for an Amount Not-to-Exceed \$27,800

RECOMMENDATION:

It is recommended that the City Council pass a motion to:

1. Approve the Plans and Specifications for the Facilities Maintenance Painting 2012 Project; and
2. Authorize the City Manager to Award a contract in the amount of \$27,800 to C.T. Georgiou Painting Co. for the Facilities Maintenance Painting 2012 Project; and
3. Authorize the City Manager to approve additional work in an amount not-to-exceed \$2,780.00 (10%), if required.

FISCAL IMPLICATION:

There is adequate funding in the Contract Services portion of the Building Maintenance operating budget (615-18-041-5101) approved by City Council for fiscal year 2011-2012 to cover contract costs.

Budget		
Building Maintenance – Contract Services Account		\$85,000.00

Expenditures		
Construction Contract (C.T. Georgiou Painting Co.)	\$27,800.00	\$27,800.00
Contingency (10%)	\$2,780.00	\$2,780.00
TOTAL ESTIMATED EXPENDITURES		\$30,580.00
Estimated Remaining Balance After Completion		\$54,420.00

BACKGROUND:

In developing a sustainable and programmed approach to the City’s facilities maintenance programs, there is an established a goal to paint the exterior of structures every three years and the interiors every five years. The facilities included in the current contract include the Historical House at Polliwog Park, Fire Station No. 2, the City Hall Annex/Chamber of Commers/Post Office Building, and the Marine Avenue Sports Complex Dugouts.

The chosen contractor submitted the lowest bid as reflected in the recommended award.

Environmental Review

In accordance with the California Environmental Quality Act (CEQA) of 1970, this project is Categorically Exempt (Section 15301, Class 1(c)). A Notice of Exemption has been filed with the County Clerk’s office.

DISCUSSION:

Bid Proposals

This project was advertised for bids in the Beach Reporter, the City’s publisher of record and several standard construction industry publications, including the Dodge Green Sheet and eBid Board. Additionally, potential bidders were invited and strongly encouraged to attend a pre-bid guided job walk that was conducted at all identified locations, allowing clarification of contract expectations and familiarization with site specifics. Subsequently, 23 sets of plans and specifications were provided to contractors, subcontractors, and material suppliers. A total of 14 bids were received by the advertised submission deadline and opened, as follows:

Bidders

No.	Contractor	Bid Amount
1.	C.T. Georgiou Painting Co.	\$27,800
2.	South Coast Painting	\$29,500
3.	US National Corp.	\$29,826
4.	Everlast Builders Inc.	\$31,500
5.	A.J. Fistes Corporation	\$34,460
6.	Hollien Construction	\$40,000
7.	Omega Painting Co., Inc.	\$50,774
8.	Color New Co.	\$55,000
9.	Alpha Décor & Painting	\$59,000
10.	Astro Painting Co., Inc.	\$63,000
11.	Pacific Contractors Group, Inc.	\$66,000
12.	Prime Painting Contractor, Inc.	\$70,348
13.	Fix Painting Co.	\$72,000
14.	Piana Construction & Painting	\$82,000
	Engineer's Estimate	\$75,000

C.T. Georgiou Painting Co.'s bid was reviewed by the Public Works Department and found to be responsive. C.T. Georgiou Painting Co. was also the low bidder for last year's Facilities Maintenance Painting Project 2011. The company is familiar with public works contracts and has over 20 years experience working with them, understands that this is a prevailing wage contract, and is secure in his knowledge of the specifications contained within the submitted contract documents. Staff reviewed C.T. Georgiou Painting Co.'s, contractor's license, license bond, and Workmen's Compensation Insurance history and found them to be in order. In addition to its experience in Manhattan Beach, C.T. Georgiou Painting Co. has also completed projects as a prime contractor for the City of Burbank Water and Power as well as a subcontractor for work completed at Los Angeles Community College District; Citrus Continuation High School, Fontana; Riverside Community College; La Sierra/La Vista High School, Riverside; and Rosedale Middle School, Bakersfield among others. Additionally, references indicate C.T. Georgiou Painting Co. has the knowledge and capability to complete the work in a timely and workmanlike fashion.

Authorization of Additional Work by the City Manager

It is recommended that the City Manager be authorized to approve contingency funds in an amount not-to-exceed \$2,780.00 (10% of contract cost) to complete unforeseen work. A report of any additional work will be provided to the City Council at the end of the project

Schedule

It is estimated that construction will begin immediately and be complete in no more than 45 working days.

NOTICE TO CONTRACTORS

* * * *

SEALED PROPOSALS will be received at the office of the City Clerk, City Hall, City of Manhattan Beach, California, until 11:00 a.m. on March 29, 2012, at which time they will be publicly opened and read, for performing work as follows:

Facilities Maintenance Painting 2012

No bid will be received unless it is made on a proposal form furnished by the Engineer. Each bid must be accompanied by (cash, certified or cashier's check, or bidder's bond) made payable to the City of Manhattan Beach for an amount equal to at least ten percent (10%) of the amount bid, such guaranty to be forfeited should the bidder to whom the contract is awarded fail to enter into the contract.

Notice is hereby given that the Director of the Department of Industrial Relations, State of California, has ascertained the prevailing rates of per diem wages as evidenced in most recent edition of State of California, Department of Transportation, Business, Transportation and Housing Agency, General Prevailing Wage Rates Schedule, in the locality in which the work is to be done, for each craft or type of workman or mechanic needed to execute the contract in accordance with the provisions of Section 1770 to 1781 of the Labor Code; said prevailing rates are on file in the Office of the City Clerk and are incorporated herein by reference.

In accordance with Section 1776 of the Labor Code as amended, the Contractor shall submit a certified copy of the complete project payroll record to the Engineer, prior to final acceptance of the contract work.

The Contractor shall, in the performance of the work and improvements, conform to the Labor Code and other laws of the State of California and the laws of the Federal Government of the United States applicable thereto.

The Contractor's attention is directed to Section 14311.5 of the Government Code concerning projects involving federal funds and failure of bidder or Contractor to be properly licensed.

All bids are to be compared on the basis of the Engineer's Estimate of the quantities of work to be done. The City reserves the right to delete any bid item(s) prior to award if it is in the City's best interests to do so.

No contract will be awarded to a Contractor who has not been licensed in accordance with the provisions of Chapter 9, Division III, of the Business and Professions Code.

Each bidder shall also submit with his proposal a List of Subcontractors and Contractor's Questionnaire as required in the contract documents.

Plans may be seen and forms of proposal, bonds, contract, and specifications may be obtained at the City of Manhattan Beach City Hall, 1400 Highland Avenue, Manhattan Beach, California. A non-refundable deposit for the plans and specifications may be charged as determined by the Engineer. A PRE-BID JOBWALK WILL BE HELD ON TUESDAY, MARCH 20, 2012, AT 10:00 AM, AT THE HISTORICAL HOUSE AT 1601 MANHATTAN BEACH BLVD, IN POLLIWOG PARK. THIS JOB WALK IS NOT MANDATORY BUT PROSPECTIVE BIDDERS ARE HIGHLY ENCOURAGED TO ATTEND.

The special attention of prospective bidders is called to Section I, PROPOSAL REQUIREMENTS, for full direction as to bidding, etc.

The City of Manhattan Beach reserves the right to reject any or all bids.

Dated: March 15, 2012

PART 1

PROPOSAL REQUIREMENTS

Proposal Requirements

(a) General Information

The City Clerk of the City of Manhattan Beach, California, will receive at its office at the City Hall, 1400 Highland Avenue, Manhattan Beach, California, until 11:00 a.m. on March 29, 2012, sealed proposals for:

Facilities Maintenance Painting 2012

(b) Examination of Plans, Specifications, Special Provisions, and Site of Work

The Bidder is required to examine carefully the site of work and the proposal plans, specifications, and contract forms for the work contemplated, and it will be assumed that the bidder has investigated and is satisfied as to the conditions to be encountered, as to the character, quality, and quantities of work to be performed and materials to be furnished, and as to the requirements agreed that submission of a proposal shall be considered prima facie evidence that the bidder has made such examination.

(c) Proposal Form

All proposals must be made upon blank forms to be obtained from the Public Works Department in the City Hall. All proposals must give the prices proposed, both in writing and figures, and must be signed by the bidder, with his address. If the proposal is made by an individual, his name and post office address must be shown. If made by firm or partnership, the name and post office address of each member of the firm or partnership must be shown. If made by corporation, the proposal must show the name of the state under the laws of which the corporation was chartered and the names, titles, and business addresses of the president, secretary, and treasurer. Each bidder shall also submit with his proposal a List of Subcontractors and Contractor's Questionnaire as required and referred to in the contract documents.

(d) Rejection of Proposals Containing Alterations, Erasures or Irregularities

Proposals may be rejected if they show any alterations of form, additions not called for, conditional or alternative bids, incomplete bids, erasures, or irregularities of any kind.

Each Contractor shall base his bid on furnishing and installing all items exactly as shown on the contract drawings and as described in the contract specifications. The successful Contractor will not be authorized to make any materials substitutions or changes in plans and/or specifications on his own initiative, but in each and every instance must procure written authorization from the Engineer before installing any work in variance with the contract requirements.

(e) Interpretation of Contract Documents

If any person contemplating submitting a bid on this project is in doubt as to the true meaning of any part of the plans, specifications, or other

sections of the contract documents, he may submit to the Engineer a written request for interpretation thereof. The person submitting the request will be responsible for its prompt delivery. Any interpretation of the contract documents including the plans and specifications will be made by addendum duly issued or delivered by the Engineer to each person receiving a set of said documents. The Engineer will not be responsible for any other explanations or interpretations of the contract documents.

(f) Bidder's Guaranty

All bids shall be presented under sealed cover and shall be accompanied by cash, cashier's check, certified check, or bidder's bond, made payable to the City of Manhattan Beach, for an amount equal to at least ten percent (10%) of the amount of said bid, and no bid shall be considered unless such cash, cashier's check, certified check, or bidder's bond is enclosed therewith.

(g) Award of Contract

The award of the contract, if it be awarded*, will be to the lowest responsible bidder whose proposal complied with all the requirements described. The award, if made, will be made within sixty (60) days after the opening of the bids. All bids will be compared on the basis of the Engineer's estimate of quantities of work to be done. *See Paragraph (k) below.

(h) Execution of Contract

The contract shall be signed by the successful bidder and returned, together with the contract bonds, within ten (10) days, not including Sundays, after the bidder has received notice that the contract has been awarded. No proposal shall be considered binding upon the City until the execution of the contract.

Failure to execute a contract and file acceptable bonds as provided herein within ten (10) days, not including Sundays, after the bidder has received notice that the contract has been awarded, shall be just cause for the annulment of the award and the forfeiture of the proposal guaranty.

(i) Return of Bidder's Guaranties

Within ten (10) days after the award of the contract, the City Clerk will return the proposal guaranties accompanying such proposals which are not to be considered in making the award. All other proposal guaranties will be held until the contract has been finally executed, after which they will be returned to the respective bidders whose proposals they accompany.

(j) Contractor's Questionnaire

The Contractor shall complete the questionnaire form that accompanies the proposal and submit the information with his proposal.

(k) Owner's Right to Award Contract

The Owner reserves the right to reject any or all bids, to waive any irregularities or informalities and to award contract as may best serve the interests of the City of Manhattan Beach.

CONTRACTOR'S PROPOSAL

To the City Council of the City of Manhattan Beach:

The undersigned declares that he has carefully examined the location of the proposed work, that he has examined the plans and specifications and read the accompanying proposal requirements, and hereby proposes to furnish all materials and do all the work required to complete said work prior to or upon the expiration of 45 working days in accordance with Specifications and Special Provisions, for the unit price or lump sum as set forth in the following schedule:

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Gregory W. Davenport, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, David M. Carey, the undersigned, Assistant Secretary, of First National Insurance Company of America, General Insurance Company of America, and Safeco Insurance Company of America do hereby certify that the original power of attorney of which the foregoing is a full above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 11 day of April, 20 12.

CITY OF MANHATTAN BEACH
DEFECTIVE MATERIALS, WORKMANSHIP, AND EQUIPMENT BOND

KNOW ALL MEN BY THESE PRESENTS:

That we, C.T. Georgiou Painting Co.
as principal, and Safeco Insurance Company of America,
a corporation organized and existing under the laws of the State of New Hampshire
and authorized to do a general surety business in the State of California, as
Surety, are held and firmly bound unto the City of Manhattan Beach
(hereinafter called Owner), a municipal corporation of the State of
California, in the full and just sum of TWENTY SEVEN THOUSAND EIGHT HUNDRED
AND NO/100***** Dollars (\$ 27,800.00*****), lawful money of the United
States of America, for which sum, well and truly to be paid, we bind
ourselves, our heirs, executors, administrators, successors and assigns,
jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that:

WHEREAS, the said Principal entered into a certain contract with the obligee,
dated on or about April 9, 2012 for the
construction of
Facilities Maintenance Painting 2012

WHEREAS, the Principal contracted to give the obligee a surety bond in the sum
of TWENTY SEVEN THOUSAND EIGHT HUNDRED AND NO/100*****
Dollars (\$ 27,800.00*****), conditioned that the Principal would make good
and protect the said obligee against the results of materials, equipment, or
workmanship which are inferior, defective, or not in accordance with the terms
of said contract having been used or incorporated in any part of the work so
contracted for, which shall have appeared or been discovered, within the
period of one (1) year from and after the completion and final acceptance of
the work done under said contract.

NOW, THEREFORE, if the Principal shall well and truly make good and
protect the said obligee against the results of materials, equipment, or
workmanship which are inferior, defective, or not in accordance with the terms
of said contract having been used or incorporated in any part of the work
performed under said contract, which shall have appeared or been discovered
within said one (1) year period from and after completion and final acceptance
of said work, then this obligation shall be null and void; otherwise to remain
in full force and effect.

(GENERAL)

This endorsement is issued in consideration of the policy premium. Notwithstanding any inconsistent expression in the policy to which this endorsement is attached, or in any other endorsement now or hereafter attached thereto, or made a part thereof, the protection afforded by said policy shall include the following:

1. Additional Insured. With respect to such insurance as is afforded by this policy, the City of Manhattan Beach and its officers, employees, elected officials, volunteers, and members of boards and commissions shall be named as additional insured. This additional insured coverage only applies with respect to liability of the named insured or other parties acting on their behalf arising out of the activities of the undertaking specified in paragraph No. 5 below (Indemnification Clause).
2. Cross Liability Clause. The insurance afforded applies separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the company's liability.
3. Occurrence Based Policy. This policy shall be an "occurrence based policy."
4. Primary Insurance. For the risks covered by this endorsement this insurance shall provide primary insurance to the City to the exclusion of any other insurance or self-insurance program the City may carry with respect to claims and injuries arising out of activities of the Contractor or otherwise insured hereunder.
5. Indemnification Clause. The underwriters acknowledge that the named insured shall indemnify and save harmless the City of Manhattan Beach against any and all claims resulting from the wrongful or negligent acts or omissions of the named insured or other parties acting on their behalf in the undertaking specified as (list activity location and date(s) of event to include set-up and cleanup dates):

6. Investigation and Defense Costs. Said hold harmless assumption on the part of the named insured shall include all reasonable costs necessary to defend a lawsuit including attorney fees, investigators, filing fees, transcripts, court reporters, and other reasonable costs of investigation and defense.
7. Reporting Provisions. Any failure to comply with the reporting provisions of the policy shall not affect coverage provided to the City.
8. Cancellation. This policy shall not be cancelled except by written notice to the Risk Manager at: City of Manhattan Beach, 1400 Highland Avenue, Manhattan Beach, CA, 90266, at least thirty (30) days prior to the date of such cancellation.
9. Limits of Liability. This policy shall provide minimum limits of liability of \$ 1,000,000.00 , combined single limit coverage against any injury, death, loss or damage as a result of wrongful or negligent acts or omissions by the named insured.

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

(If no entry appears below, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of "your work" for that insured by or for you.

To the extent required under contract, this policy will apply as primary insurance to additional insureds scheduled below and other insurance which may be available to such additional insureds will be non-contributory.

Section IV., Condition 4., of this policy is amended accordingly.

SCHEDULE

COMMERCIAL AUTO GOLD ENDORSEMENT

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

SECTION II – LIABILITY COVERAGE

A. COVERAGE

1. WHO IS AN INSURED

The following is added:

- d. Any organization, other than a partnership or joint venture, over which you maintain ownership or a majority interest on the effective date of this Coverage Form, if there is no similar insurance available to that organization.
- e. Any organization you newly acquire or form other than a partnership or joint venture, and over which you maintain ownership of a majority interest. However, coverage under this provision does not apply:
 - (1) If there is similar insurance or a self-insured retention plan available to that organization; or
 - (2) To “bodily injury” or “property damage” that occurred before you acquired or formed the organization.
- f. Any volunteer or employee of yours while using a covered “auto” you do not own, hire or borrow in your business or your personal affairs. Insurance provided by this endorsement is excess over any other insurance available to any volunteer or employee.
- g. Any person, organization, trustee, estate or governmental entity with respect to the operation, maintenance or use of a covered “auto” by an insured, if:
 - (1) You are obligated to add that person, organization, trustee, estate or governmental entity as an additional insured to this policy by:
 - (a) an expressed provision of an “insured contract”, or written agreement; or
 - (b) an expressed condition of a written permit issued to you by a governmental or public authority.
 - (2) The “bodily injury” or “property damage” is caused by an “accident” which takes place after:
 - (a) You executed the “insured contract” or written agreement; or
 - (b) the permit has been issued to you.

2. COVERAGE EXTENSIONS

a. Supplementary Payments.

Subparagraphs (2) and (4) are amended as follows:

- (2) Up to \$2500 for cost of bail bonds (including bonds for related traffic law violations) required because of an “accident” we cover. We do not have to furnish these bonds.
- (4) All reasonable expenses incurred by the “Insured” at our request, including actual loss of earning up to \$500 a day because of time off from work.

SECTION III – PHYSICAL DAMAGE COVERAGE

A. COVERAGE

The following is added:

5. Hired Auto Physical Damage

- a. Any "auto" you lease, hire, rent or borrow from someone other than your employees or partners or members of their household is a covered "auto" for each of your physical damage coverages.
- b. The most we will pay for "loss" in any one "accident" is the smallest of:
 - (1) \$50,000
 - (2) The actual cash value of the damaged or stolen property as of the time of the "loss"; or
 - (3) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality.

If you are liable for the "accident", we will also pay up to \$500 per "accident" for the actual loss of use to the owner of the covered "auto".

- c. Our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by an amount that is equal to the amount of the largest deductible shown for any owned "auto" for that coverage. However, any Comprehensive Coverage deductible shown in the Declarations does not apply to "loss" caused by fire or lightning.
- d. For this coverage, the insurance provided is primary for any covered "auto" you hire without a driver and excess over any other collectible insurance for any covered "auto" that you hire with a driver.

6. Rental Reimbursement Coverage

We will pay up to \$75 per day for up to 30 days, for rental reimbursement expenses incurred by you for the rental of an "auto" because of "loss" to a covered "auto". Rental Reimbursement will be based on the rental of a comparable vehicle, which in many cases may be substantially less than \$75 per day, and will only be allowed for a period of time it should take to repair or replace the vehicle with reasonable speed and similar quality, up to a maximum of 30 days. We will also pay up to \$500 for reasonable and necessary expenses incurred by you to remove and replace your materials and equipment from the covered "auto".

If "loss" results from the total theft of a covered "auto" of the private passenger type, we will pay under this coverage only that amount of your rental reimbursement expenses which is not already provided under paragraph 4. **Coverage Extension.**

7. Lease Gap Coverage

If a long-term leased "auto" is a covered "auto" and the lessor is named as an Additional Insured – Lessor, In the event of a total loss, we will pay your additional legal obligation to the lessor for any difference between the actual cash value of the "auto" at the time of the loss and the "outstanding balance" of the lease.

"Outstanding balance" means the amount you owe on the lease at the time of loss less any amounts representing taxes; overdue payments; penalties, interest or charges resulting from overdue payments; additional mileage charges; excess wear and tear charges; and lease termination fees.

B. EXCLUSIONS

The following is added to Paragraph 3

The exclusion for "loss" caused by or resulting from mechanical or electrical breakdown does not apply to the accidental discharge of an airbag.

Paragraph 4 is replaced with the following:

4. We will not pay for "loss" to any of the following:
 - a. Tapes, records, disks or other similar audio, visual or data electronic devices designed for use with audio, visual or data electronic equipment.
 - b. Equipment designed or used for the detection or location of radar.
 - c. Any electronic equipment that receives or transmits audio, visual or data signals.

Exclusion 4.c does not apply to:

- (1) Electronic equipment that receives or transmits audio, visual or data signals, whether or not designed solely for the reproduction of sound, if the equipment is permanently installed in the covered "auto" at the time of the "loss" and such equipment is designed to be solely operated by use of the power from the "auto's" electrical system, in or upon the covered "auto"; or
- (2) Any other electronic equipment that is:
 - (a) Necessary for the normal operation of the covered "auto" or the monitoring of the covered "auto's" operating system; or
 - (b) An integral part of the same unit housing any sound reproducing equipment described in (1) above and permanently installed in the opening of the dash or console of the covered "auto" normally used by the manufacturer for installation of a radio.

D. DEDUCTIBLE

The following is added: No deductible applies to glass damage if the glass is repaired rather than replaced.

SECTION IV. BUSINESS AUTO CONDITIONS

A. LOSS CONDITIONS

Item 2.a. and b. are replaced with:

2. Duties In The Event of Accident, Claim, Suit, or Loss

- a. You must promptly notify us. Your duty to promptly notify us is effective when any of your executive officers, partners, members, or legal representatives is aware of the accident, claim, "suit", or loss. Knowledge of an accident, claim, "suit", or loss, by other employee(s) does not imply you also have such knowledge.
- b. To the extent possible, notice to us should include:
 - (1) How, when and where the accident or loss took place;
 - (2) The names and addresses of any injured persons and witnesses; and
 - (3) The nature and location of any injury or damage arising out of the accident or loss.

The following is added to 5.

We waive any right of recovery we may have against any additional insured under **Coverage A. 1. Who Is An Insured g.**, but only as respects loss arising out of the operation, maintenance or use of a covered "auto" pursuant to the provisions of the "insured contract", written agreement, or permit.

B. GENERAL CONDITIONS

9. is added

9. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

Your unintentional failure to disclose any hazards existing at the effective date of your policy will not prejudice the coverage afforded. However, we have the right to collect additional premium for any such hazard.

COMMON POLICY CONDITIONS

2.b. is replaced by the following:

- b. 60 days before the effective date of cancellation if we cancel for any other reason.

SPECIAL PROVISIONS

The Standard Specifications of the Agency are contained in the latest Edition of the Standard Specifications for Public Works Construction, including all supplements, as written and promulgated by the Joint Cooperative Committee of the Southern California Chapter of the Associated General Contractors of California. Copies of these Standard Specifications are available from the publisher, Building News, Incorporated, 3055 Overland Avenue, Los Angeles, California, 90034, telephone (310) 202-7775.

The Standard Specifications set forth above will control the general provisions, construction materials, and construction methods for this contract except as amended by the Plans, Special Provisions, or other contract documents. The following Special Provisions are supplementary and in addition to the provisions of the Standard Specifications unless otherwise noted and the section numbers of the Special Provisions coincide with those of the said Standard Specifications. Only those sections requiring elaborations, amendments, specifying of options, or additions are called out. Should there be any discrepancies between the following provisions and the Standard Specifications For Public Works Construction (Latest Edition), the provisions contained herein shall control.

PART 1

GENERAL PROVISIONS

Section 1 - Terms and Definitions

Definitions:

Whenever in the Standard Specifications or the Special Provisions the following terms are used, they shall be understood to mean and refer to the following:

AGENCY: CITY OF MANHATTAN BEACH

BOARD: CITY COUNCIL OF THE CITY OF MANHATTAN BEACH

CITY: CITY OF MANHATTAN BEACH

ENGINEER: DIRECTOR OF PUBLIC WORKS OF THE CITY OF MANHATTAN BEACH, acting either directly or through properly authorized agents, such agents acting within the scope of the particular responsibilities entrusted to them.

INSPECTOR: That person or persons designated by the Engineer.

LABORATORY: The designated laboratory or laboratories authorized by the ENGINEER to test materials and work pertinent to the performance of the contractual work.

Other terms appearing in the Standard specifications shall have the intent and meaning specified therein.

Section 2 - Scope and Control of the Work

2-3.3 Subcontractors Add the following subsections:

Subcontractors shall be listed by the bidder in accordance with these specifications and must be properly licensed under the laws of the State of California for the type of work which they are to perform.

2-3.4

Subcontractor whose prosecution of the work is not satisfactory shall be terminated immediately by the Contractor upon the receipt of a written notice by the Engineer. Subcontractors whose work was determined to be unsatisfactory shall not be allowed to perform any work on the job site.

2.4 Contract Bonds

Add the following to the first paragraph:

All bonds used to satisfy the Agency's requirements shall have a current A.M. Best's rating of not less than A-VII unless otherwise approved by the City.

Substitute the following for the third paragraph:

As a part of the execution of this contract, the Contractor shall furnish to the City a bond of a surety company acceptable to the City, in a sum of one hundred percent (100%) of the total contract amount, as the sum set forth in the agreement for payment in full of all persons, companies, or corporations who perform labor upon or furnish material to be used in the work under this contract. Said bond shall be in the form of the Labor and Material Bond contained within these Specifications.

Substitute the following for the fourth paragraph:

As a part of the execution of this contract, the Contractor shall furnish to the City a bond payable to the City in the form of a Faithful Performance Bond as set forth in these Specifications. The performance bond shall be secured by a surety company acceptable to the City, conditioned upon the faithful performance of all covenants and stipulations under this contract. The amount of the bond shall not be less than one hundred percent (100%) of the total contract amount, as this sum is set forth in the agreement.

Add the following paragraph to this section:

As a condition precedent to the completion of this contract, the Contractor shall furnish a bond of a surety company acceptable to the City in the amount equal to ten percent (10%) of the total contract amount to hold good for a period of one (1) year after the completion and acceptance of the work to protect the City against the results of defective materials, workmanship, and equipment during that time. This bond shall be delivered to the City prior to issuance of final payment under this contract. Said bond shall be in the same form as the form of Defective Materials, Workmanship, and Equipment Bond contained within these Specifications.

2-5.2 Precedence of Contract Documents This section shall be revised to read:

The order of precedence of documents shall be:

First: Requirements of law.

- Second: Permits from other agencies as may be required by law.
- Third: Permits from the City of Manhattan Beach as may be required by law.
- Fourth: Special Provisions.
- Fifth: Contract Plans.
- Sixth: Standard Plans.
- Seventh: Standard Specifications.
- Eighth: Reference Specifications.

Change orders, supplemental agreements, and approved revisions to Plans and Specifications shall take precedence over documents listed above, except those listed as First, Second, and Third. Detailed plans shall have precedence over general plans. Reference Specifications or sections thereof, when cited in the Special Provisions, shall, by that reference, become a portion of the Special Provisions and be ranked in precedence of documents accordingly.

2-6 Work To Be Done

The following paragraphs shall be added following paragraph one:

All work which is defective in its construction or deficient in any of the requirements of the Plans and Specifications shall be remedied or removed and replaced by the Contractor in an acceptable manner at his own expense. No compensation will be allowed for any work done beyond the lines and grades shown on the Plans or established by the Engineer. Upon failure on the part of the Contractor to comply with any order of the Engineer made under the provisions of this article, the Engineer and City may cause the defective work to be remedied or removed and replaced at the expense of the Contractor.

Any unauthorized or defective work, defective material or workmanship or any unfaithful or imperfect work that may be discovered before final acceptance of work by the board shall be corrected immediately with no extra charge even though it may have been overlooked in previous inspections and estimates or may have been caused due to failure to inspect the work.

2-9.1 Permanent Survey Markers

Substitute the following for the first paragraph:

Contractor is responsible for preservation and/or perpetuation of all existing monuments which control subdivisions, tracts, boundaries, streets, highways, other rights-of-way, easements, or provide survey control which will be disturbed or removed due to Contractor's work. Contractor shall provide a Land Surveyor or a Registered Civil Engineer authorized to practice land surveying within the state prior to disturbance or removal of existing monuments. The Contractor's Registered (licensed) Land Surveyor or Registered Civil Engineer authorized to practice within the state shall coordinate with contractor to reset monuments or provide permanent witness monuments and file the required documentation with the Office of the County Surveyor pursuant to Business and Professions Code Section 8771.

2-10 Authority of Boards and Inspectors

Substitute the following for the second paragraph:

The Engineer shall decide any and all questions which may arise as to the quality or acceptability of materials furnished and work performed, and as to the manner of performance and rate of progress of the work; all questions which arise as to the interpretation of the Plans and Specifications; all questions as to the acceptable fulfillment of the contract by the Contractor; and all questions as to claims and compensation.

Add the following paragraphs:

2-10.1 Inspection

An inspector shall in no case act as foreman or perform other duties for the Contractor, nor interfere with the Contractor's management of the work. Any advice which an inspector may give the Contractor shall not be binding to the Engineer or to the City, or release the Contractor from fulfilling all the terms of the contract.

No partial payment, inspection, taking possession of, or other act made or done by the Engineer or the City with respect to the work prior to final completion and acceptance thereof shall affect or prejudice the right of the Engineer or the City to reject any defective work or material or to require the complete fulfillment of all the provisions of the contract.

If the Engineer deems it expedient and not in the best interest of the City to correct work injured or done not in accordance with the contract, the defective work may be accepted subject to an equitable deduction from the contract price which may be made therefor by the City upon certification from the Engineer.

Reexamination of any work may be ordered by the Engineer at any time prior to final acceptance and, if so ordered, the work must be uncovered by the Contractor. If such work be found in accordance with the contract, the City will pay the cost of reexamination and replacement. If such work be found defective or not in accordance with the contract, the Contractor shall pay such costs.

2-10.2 Cooperative with Other Work.

The City may award other contracts for additional work, and the Contractor shall fully cooperate with such other Contractors and carefully fit Contractor's own work to that provided under the contracts as may be directed by the Engineer. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other Contractor.

Section 3 - Changes in Work

3-2 Changes Initiated by Agency.

3-2.2.1 Delete this section. Replace with the following:

Increase or decrease in quantities shall be based on the contract's unit prices.

3-3 Extra Work.

3-3.1 General

Add the following at the end of Subsection 3-3.1:

Any extra work must be authorized by the Engineer and payment thereto shall be based on prevailing construction prices in the locality. Any extra work performed by the Contractor without prior authorization shall be considered included in the cost of the bid items mentioned in the Contractor's Proposal and no separate payment shall be made therefor.

If extra work is performed and payment is based on labor, materials, and equipment costs, the Contractor may not include in the labor costs, wages paid to supervisory personnel whose presence on the job site would normally be required.

3-3.2.3 Delete this section. Replace with the following:

(a) **Work by Contractor.** The following percentages shall be added to the Contractor's costs and shall constitute the markup for all overhead and profits:

- 1) Labor 20
- 2) Materials 15
- 3) Equipment Rental 15
- 4) Other Items and Expenditures 15

To the sum of the costs and markups provided for in this subsection, 1 percent shall be added as compensation for bonding.

(b) **Work by Subcontractor.** When all or any part of the extra work is performed by a Subcontractor, the markup established in 3-3.2.3(a) shall be applied to the Subcontractor's actual cost of such work. A markup of 10 percent on the first \$5,000 of the subcontracted portion of the extra work and a markup of 5 percent on work added in excess of \$5,000 of the subcontracted portion of the extra work may be added by the Contractor.

Section 4 - Control of Materials

4-1.1 General

Substitute the following for the first paragraph:

All materials used in the construction of the improvements under this contract shall be new and of properties best suited for the work required. Wherever applicable, materials shall conform to the latest Standards of the American Society for Testing Materials. All workmanship in the fabrication, assembly and construction of materials and equipment shall be neat and workmanlike in every respect. All equipment offered shall be of the manufacturer's latest design.

Add at the end of Section 4-1:

4-1.9 Warranties, Guarantees, and Instruction Sheets

All equipment, materials, and workmanship furnished under this contract shall be guaranteed for a period of one (1) year from the

date of acceptance thereof against all defects that might render the work unsatisfactory during its normal operation. Defective materials and workmanship which become apparent during the guarantee period shall be replaced by the Contractor at his expense, together with the repair or replacement of any adjacent work, which may have been damaged by reason of the defective material, or during the process of its repair or replacement.

Manufacturer's warranties and guarantees furnished for materials used in the work, instruction sheets, and parts lists supplied with materials shall be delivered to the Engineer prior to acceptance of the project.

Section 5 - Utilities

5-1 Location

Add at the end of Subsection 5-1.

The location of existing piping and underground utilities, such as sewer, buried telephone, cable television, water mains, electric duct lines, etc., as shown on the contract drawings have been determined from the best available information, by actual surveys or furnished and taken from the records of the parent utility companies and drawings of existing facilities. However, the City does not assume the responsibility that record information as furnished by the utility companies and drawings of existing facilities is complete, accurate, and in sufficient detail to adequately locate all facilities within the construction area. The Contractor shall verify the detailed locations of all facilities as shown on the plans prior to starting work in the area.

5-2 Protection

Add the following paragraphs at the end of Subsection 5-2:

At least two working days prior to commencing work within the area, the Contractor shall request the utility owners to identify or otherwise indicate the location of their subsurface facilities. It shall be the Contractor's responsibility to determine the location and depth of all utilities including service connections which have been marked by the representative owners and which he believes may affect or be affected by the work. Full compensation for the ascertainment of utility locations and depths shall be considered included in the prices bid for the other items of work.

All utilities shall be notified by the Contractor in advance, according to their respective advance notice requirements, prior to excavating adjacent to, altering, or in any way modifying their facilities. The Contractor, at his expense, shall maintain in service all existing utilities. Should interruption of such utilities become necessary, the property owners and residents affected shall be notified 48 hours before the interruption.

The Contractor shall protect, support, or perform any other work necessary in order to maintain the operation of utilities in the proximity of the work area. The Contractor shall inform the Engineer in writing of all utilities omitted from or shown incorrectly on the contract plans. The Contractor shall not be entitled to damages or additional payment for delays attributable to utility relocations or alterations not shown or incorrectly delineated on the contract plans.

The Contractor shall conduct his operations so as to permit access to the work site by any affected utility necessary for the relocation or modification to the utility system at no cost to the City.

Any interference by the Contractor with City-owned facilities such as, but not limited to, sewer, water, or storm drain that, in the opinion of the Engineer, creates a safety or health hazard and is not quickly repaired, said damaged facilities may be repaired by City forces and all costs of these repairs will be deducted from contract payments.

Section 6 - Prosecution, Progress and Acceptance of the Work

Add the following to section 6-2:

6-2.1 Excess Cost of City Personnel and Inspection Personnel

For any overtime or emergency work beyond a regular eight (8) hour day and for any work performed on Saturday, Sunday, or holidays, the charges for City personnel, including inspection, required on the job site shall be the responsibility of the Contractor and all costs therefor shall be deducted from the payments due the Contractor. The cost of the City personnel shall be computed pursuant to adopted City salary schedules, overtime policies, fringe benefits, and overhead costs.

6-3.1 General

Add the following paragraph following paragraph one:

In the event a suspension of work is ordered because of failure on the part of the Contractor to carry out orders given or to perform any provisions of the work, such suspension of work shall not relieve the Contractor of his responsibility to complete the work within the time limit set forth herein and shall not be considered cause for extension of the time for completion, and further, such suspension of work shall not entitle the Contractor to any additional compensation.

Add at the end of Section 6-7.2

6-7 Time of Completion.

6-7.1 Generally the time of completion shall be as noted on the Contractor's Proposal.

6-7.2.1 Hours of Work

The Contractor shall not conduct any operations or perform any work pertaining to the project as defined herein, between the hours of 5:00 p.m. and 7:30 a.m. on any day nor on Saturday, Sunday, or holidays at any time except as approved by the Engineer. In the event that the Contractor abuses the hours of work requirement, a written warning will follow. After each additional warning, a \$200.00 penalty will be deducted from the contract amount.

6-9 Liquidated Damages

The liquidated damages value is hereby amended to be \$500 per day.

Section 7 - Responsibilities of the Contractor in the Conduct of His Work

Revise to read as follows:

7-3

Public Liability and Property Damage Insurance

Delete section 7-3 and replace with the following:

Insurance Requirements.

Commencement of Work. CONTRACTOR shall not commence work under this Agreement until it has obtained CITY approved insurance. Before beginning work hereunder, during the entire period of this Agreement, for any extensions hereto, and for periods after the end of this Agreement as indicated below, CONTRACTOR must have and maintain in place, all of the insurance coverages required in this Section 7. CONTRACTOR'S insurance shall comply with all items specified by this Agreement. Any subcontractors shall be subject to all of the requirements of this Section 7 and CONTRACTOR shall be responsible to obtain evidence of insurance from each subcontractor and provide it to CITY before the subcontractor commences work.

All insurance policies used to satisfy the requirements imposed hereunder shall be issued by insurers authorized to do business in the State of California. Insurers shall have a current A.M. Best's rating of not less than A-:VII unless otherwise approved by CITY.

Coverages, Limits and Policy Requirements. CONTRACTOR shall maintain the types of coverages and limits indicated below:

(1) COMMERCIAL GENERAL LIABILITY INSURANCE - a policy for occurrence coverage, including all coverages provided by and to the extent afforded by Insurance Services Office Form CG 0001 ed. 11/88 or 11/85, with no special limitations affecting CITY. The limit for all coverages under this policy shall be no less than one million dollars (\$1,000,000.00) per occurrence. CITY, its employees, officials and agents, shall be added as additional insureds by endorsement to the policy. The insurer shall agree to provide the City with thirty (30) days prior written notice of any cancellation, non-renewal or material change in coverage. The policy shall contain no provision that would make this policy excess over, contributory with, or invalidated by the existence of any insurance, self-insurance or other risk financing program maintained by CITY. In the event the policy contains such an "other insurance" clause, the policy shall be modified by endorsement to show that it is primary for any claim arising out of the work performed under this Agreement. The City of Manhattan Beach Insurance Endorsement Form No. 1 (General Liability) must be executed by the applicable insurance underwriters.

(2) COMMERCIAL AUTO LIABILITY INSURANCE - a policy including all coverages provided by and to the extent afforded by Insurance Services Office form CA 0001, ed. 12/93, including Symbol 1 (any auto) with no special

limitations affecting the CITY. The limit for bodily injury and property damage liability shall be no less than one million dollars (\$1,000,000) per accident. CITY, its employees, officials and agents, shall be added as additional insureds by endorsement to the policy. The insurer shall agree to provide the City with thirty (30) days prior written notice of any cancellation, non-renewal or material change in coverage. The policy shall contain no provision that would make this policy excess over, contributory with, or invalidated by the existence of any insurance, self-insurance or other risk financing program maintained by CITY. In the event the policy contains such an "other insurance" clause, the policy shall be modified by endorsement to show that it is primary for any claim arising out of the work performed under this Agreement. The City of Manhattan Beach Insurance Endorsement Form No. 2 (Auto) must be executed by the applicable insurance underwriters.

(3) WORKERS' COMPENSATION INSURANCE - a policy which meets all statutory benefit requirements of the Labor Code, or other applicable law, of the State of California. Employers Liability Insurance with a minimum limit of no less than one million dollars (\$1,000,000) per claim. The policy shall contain, or be endorsed to include, a waiver of subrogation in favor of CITY.

Additional Requirements. The procuring of such required policies of insurance shall not be construed to limit CONTRACTOR'S liability hereunder, nor to fulfill the indemnification provisions and requirements of this Agreement. There shall be no recourse against CITY for payment of premiums or other amounts with respect thereto. Any deductibles or self-insured retentions must be declared to and approved by CITY. Any deductible exceeding an amount acceptable to CITY shall be subject to the following changes:

- (1) either the insurer shall eliminate, or reduce, such deductibles or self-insured retentions with respect to CITY and its officials, employees and agents (with additional premium, if any, to be paid by CONTRACTOR); or
- (2) CONTRACTOR shall provide satisfactory financial guarantee for payment of losses and related investigations, claim administration, and defense expenses.

Verification of Compliance. CONTRACTOR shall furnish CITY with original endorsements effecting coverage required by this Agreement. The endorsements are to be signed by a person authorized by the insurer to bind coverage on its behalf. All endorsements are to be received and approved by CITY before work commences. Not less than fifteen (15) days prior to the expiration date of any policy of insurance required by this Agreement, CONTRACTOR shall deliver to CITY a binder or certificate of insurance with respect to each renewal policy, bearing a notation evidencing payment of the premium therefor, or accompanied by other proof of payment

satisfactory to CITY.

7-3.1 Contractor's Responsibility for Work

Except as provided above, until the formal acceptance of the work by the City Council, the Contractor shall have the charge and care thereof and shall bear the risk of injury or damage to any part thereof by the action of the elements or from any other cause, whether arising from the execution or from the non-execution of the work. The Contractor shall rebuild, repair, restore, and make good all injuries or damages to any portion of the work occasioned by any of the above causes before final acceptance and shall bear the expense thereof.

7-3.2

The Contractor shall indemnify and save harmless the City of Manhattan Beach, the City Council, inspection personnel, and the Engineer from any suits, claims, or actions brought by any person or persons for or on account of any injuries or damages sustained or arising in the construction of the work or in consequence thereof. The City Council may retain so much of the money due the Contractor as shall be considered necessary, until disposition has been made of such suits or claims for damages as aforesaid.

7-3.3 Responsibilities for Damage

The City of Manhattan Beach, the City Council, inspection personnel, and the Engineer shall not be answerable or accountable in any manner for any loss or damage that may happen to the work or any part thereof; or for any material or equipment used in performing the work; or for injury or damage to any person or persons, either workmen or the public; for damage to adjoining property for any cause whatsoever.

7-5 Permits and Licenses

Revise to read:

The Contractor shall procure all permits and licenses (including a City of Manhattan Beach business license), pay all charges and fees, and give all notices necessary and incidental to the due and lawful prosecution of the work. All City of Manhattan Beach permits required for the performance of the contract shall be issued on a "no fee" basis. Permits required by other agencies shall be obtained by the City for all work within the City of Manhattan Beach.

Section 8 - Facilities for Agency Personnel

8-1 General.

The Contractor need provide no separate facilities for agency personnel, however, he shall permit unlimited use by the Engineer or his duly authorized representative of any field office, toilet facility, or other temporary job site facility.

Section 9 - Measurement and Payment

9-3 Payment

9-3.1 General

Add at the end of this Subsection:

Whenever the Contractor is required to perform work or furnish equipment, labor, tools, and materials of any class for which no price is fixed in the proposal, it shall be understood that such work, equipment, labor, tools, and material shall be provided without extra charge, allowance, or direct payment of any kind. The cost of performing such work or furnishing such equipment, labor, tools, and materials shall be included in the unit bid prices in the proposal most closely related to the work and no additional compensation will be made therefor.

If any portion of the work done or materials furnished under the contract shall prove defective or not in accordance with the Specifications and contract drawings, and if the imperfection in the same shall not be of sufficient magnitude or importance to make the work dangerous or undesirable, the Engineer shall have the right and authority to retain the work instead of requiring it to be removed and reconstructed, but he shall make such deductions therefor in the payment due the Contractor as may be just and reasonable.

9-3.2 Partial & Final Payment

Delete and replaced with the following:

In accordance with these Specifications, the monthly payment date is hereby set as the second Wednesday following the first Tuesday of each month. If the above date falls on a holiday, the payment date shall be the first subsequent working day.

The Contractor shall prepare and submit the form attached herewith (See Page 25) or his own form, in an identical format, to the Engineer for all requests for progress payments for the work performed in accordance with the provisions of the contract during the preceding month. The progress payment request shall be submitted no later than thirteen (13) working days prior to the monthly payment dates established above. Late submittals shall be held for consideration by the City Council at the next regularly scheduled meeting.

The City will make partial payment to the Contractor for the work performed; said partial payment will be made in accordance with the certified estimate approved by the Engineer as set forth herein. The City will retain 10% of the amount of each such estimate until 35 days after the date on which the project is accepted as complete and until all obligations of the Contractor pursuant to the contract have been discharged.

The City may withhold payments to the Contractor including, but not limited to, retained percentage, liquidated damages, defective work not remedied, reasonable doubt that this contract can be completed for the balance then unpaid, excess cost of City personnel and inspection personnel, and other valid claims against the Contractor.

Acceptance by the Contractor of said payment made in accordance with said final estimate shall be a release to the City, its officers, agents, and employees excepting only claims against the City for any amount withheld by it at the time of such payment.

Section 10 - Special Project Site Maintenance and Public Convenience and Safety

Section 10 is hereby added to the Standard Specifications as follows:

Pursuant to the provisions of Section 7-8 and Section 7-10 of the Standard Specifications and these Special Provisions, the Contractor is responsible for project site maintenance and for public convenience and safety. Payment for compliance with these provisions is considered as included in the prices bid for other contract items.

The City, however, to maintain good public relations, may deem it necessary to require special project site maintenance and public convenience and safety actions and work to be performed by the Contractor that are over and above those required by the provisions of Section 7-8 and Section 7-10 of the Standard Specifications and these Special Provisions.

These actions and work shall be as directed by the Engineer in writing and payment for compliance therewith shall be on a cost plus basis for extra work per Section 3-3 of the Standard Specifications and applied against the not-to-exceed bid item for "Special Project Site Maintenance and Public Convenience and Safety."

Section 11: Construction and Demolition Waste Management Plan

Section 11.1 General

To ensure that solid waste generated in the City of Manhattan Beach is reduced, reused or recycled, contractor shall submit a "Waste Management Plan" (WMP) to the Engineer for review and approval. After the WMP has been reviewed by the Engineer, it will be returned to the Contractor in one of the following four (4) status conditions:

- "Approved"
- "Further Explanation Required": The Engineer will return the WMP to the Contractor with questions about the WMP. Contractor shall resubmit plan with each of the City's questions answered thoroughly.
- "Denied": The Engineer will indicate the reasons for denial. The Contractor shall then re-submit a new WMP that complies with the requirements of this article or request an Infeasibility Exemption.
- "Infeasibility Exemption Approved"

The Contractor shall follow the WMP and document results during demolition and construction. Final documentation shall be submitted at the end of the project to the Engineer for review of compliance with the original WMP. The amount deducted from the final estimate and retained by the City in accordance with Section 9.3.1 and 9.3.2 shall be withheld until final WMP is submitted to the City and approved by City.

Section 11.2 Definitions

- a) "Construction" means the building of any facility or structure or any portion thereof including any tenant improvements to an existing facility or structure.
- b) "Construction and Demolition Debris" means used or discarded materials removed from premises during construction of project.
- c) "Conversion Rate" means the rate set forth in the standardized Conversion Rate Table approved by the City Council pursuant to this Section for use in estimating the volume or weight of materials identified in a Construction and Demolition Waste Reduction and Recycling Plan.
- d) "Divert" means to use material for any purpose other than disposal in a landfill. Diversion credit is given for source reduction (waste reduction), recycling, and composting.
- e) "Diversion Requirement" means the diversion of at least fifty (50) percent of the total Construction and Demolition Debris generated by a Project via reduction (source reduction), reuse or recycling, unless the Contractor has been granted an Infeasibility Exemption, in which case the Diversion Requirement shall be the maximum feasible diversion rate established by the Engineer.
- f) "Recycling" means the process of collecting, sorting, cleansing, treating, and reconstituting materials that would otherwise become solid waste, and returning them to the economic

mainstream in the form of raw material for new, reused, or reconstituted products which meet the quality standards necessary to be used in the marketplace.

- g) "Renovation" means any change, addition, or modification in an existing structure.
- h) "Reuse" means further or repeated use of Construction or Demolition Debris. An example is the reuse of crushed concrete as road base or as aggregate on the construction site.
- i) "Salvage" means the controlled removal of Construction or Demolition Debris from project for the purpose of recycling, reuse, or storage for later recycling or reuse.
- j) "Construction and Demolition Waste Management Plan" means a completed form, approved by the Engineer for the purpose of compliance with this Article, submitted by the Contractor/Contractor for any Covered or Noncovered Project that indicates the estimated diversion that the Contractor/Contractor anticipates in diverting from disposal.
- k) "Construction and Demolition Waste Management Report" means a completed form, approved by the Engineer for the purpose of compliance with this Section, submitted by the Contractor for any Project that documents the disposal and diversion tonnages and destinations.

Section 11.3 Infeasibility Exemption

a. Application: If the Contractor experiences unique circumstances that the Contractor believes make it infeasible to comply with the Diversion Requirement, the Contractor shall apply for an exemption at the time that he or she submits the WMP. The Contractor shall indicate on the WMP the maximum rate of diversion the Contractor believes is feasible for each material and the specific circumstances that the Contractor believes make it infeasible to comply with the Diversion Requirement.

b. The Engineer shall review the information supplied by the Contractor and may meet with the Contractor to discuss possible ways of meeting the Diversion Requirement. Based on the information supplied by the Contractor, the Engineer shall determine whether it is possible for the Contractor to meet the Diversion Requirement.

c. If the Engineer determines that it is infeasible for the Contractor to meet the Diversion Requirement due to unique circumstances, the Engineer shall determine the maximum feasible diversion rate for each material and shall indicate this rate on the WMP submitted by the Contractor. The Engineer shall return a copy of the WMP to the Contractor marked "Infeasibility Exemption Approved."

d. Denial of Exemption: If the Engineer determines that it is possible for the Contractor to meet the Diversion Requirement, the Engineer shall so inform the Contractor in writing. The Contractor will have 15 days to resubmit a new WMP. If the Contractor fails to resubmit a new WMP, or if the resubmitted WMP does not comply with the requirements of the plan, the Engineer shall deny the WMP.

Section 11.4 Diversion Measurement

The methodology used to calculate diversion is based on the Title 14, California Code of Regulations, Article 6.1 Solid Waste Generation Study, Section 18722 et seq, and is consistent with California Integrated Waste Management Board measurement protocols. The following

equation defines the “Generation-Based Diversion Quantification Methodology”:

$$\text{Generation} = \text{Disposal} + \text{Diversion}$$

$$\text{Diversion Rate (\%)} = \frac{\text{Diversion Tons}}{\text{Generation Tons}}$$

Section 11.5 Additional Information

Construction & Demolition Waste Management Plan

Contractor shall list all materials that will be reused, recycled or disposed from project.

The required goal is to reuse or recycle at least 50% of project waste

Use tons to quantify total estimated waste and percentages of materials (see conversion table below). Ask your hauler, recycler or site cleanup vendor to assist you with this WMP.

A COPY OF THIS WMP AND RECEIPTS OF ALL RECYCLING AND DISPOSAL SHALL BE SUBMITTED BEFORE FINAL PAYMENT WILL BE MADE BY THE CITY.

* Mixed C&D is defined as a mixture of three or more materials (e.g. wood, drywall, roofing, etc.) from construction or demolition sites that will be taken to a "qualified" facility for recycling (See C&D Debris Recycling Guide).

Conversion Rates

The following conversion rates are estimates. The ranges vary widely, depending on how the materials are handled (compacted, loose, chipped, etc.). Use the conversion factors and receipts from any previous projects to help you estimate the potential amount of materials and diversion. Take into consideration the type and load of vehicles that will be used to haul the materials. Ask your hauler or recycler to assist you in estimating these numbers.

TECHNICAL SPECIFICATIONS
EXTERIOR PAINTING

(A) Scope of Work

1. The work to be performed consists of furnishing all paints, primers, patching compounds, labor, tools, equipment, scaffolding and any and all equipment and supplies to perform a complete job to accepted industry standards of repainting the designated surfaces for the named facilities. Each item or area in these specifications is described by the most commonly used name.

Storage

2. The contractor's operations for the preparation of paints and storage of materials shall be limited to a City designated area, and such space shall be kept clean and orderly at all times. The contractor shall employ all safety measures during operations for the prevention of fire.

General Information

3. The contractor shall at all times take any and all necessary steps to protect the public and all property from damage during his operations, and shall be responsible for any and all damages to the work or property caused by the contractor's employees.
4. All proposals are to provide a list of paint products and/or coating systems proposed for use on this project, as specified. All products to be first quality, and comply with all Federal, State, County, and local health, safety, and environmental regulations.

Cleanup and Safety

1. During the progress of the work, safety shall be of the utmost importance at all times, and the contractor shall safeguard persons during the progress of the work by providing barricades, signs, or other approved devices to warn of obstruction. Upon completion of the work and before acceptance and final payment shall be made, the contractor shall clear the entire project and all grounds occupied by him in connection with his work of all rubbish, excess material, and any other debris caused by his operations.

Materials

1. All materials herein specified are manufactured and or supplied by Benjamin Moore and are listed by name and number, unless otherwise noted.

Workmanship

1. All work shall be done by experienced, skilled craftsmen. Surface preparation shall be in accordance With Standard Specifications For Public Works Construction, Latest Edition unless specifically identified otherwise and per manufacturers specification. All finishes shall be applied evenly and be free from runs, sags, skips, crawls, or other defects. All unpainted masonry or concrete is to be protected from overspray or paint spatter depending on the application method. Paints shall be applied in

accordance with the manufacturer's printed directions. Painting shall not be performed when the temperatures become extreme. Precautions should be taken when temperature exceeds 90 F, or when the temperature falls below 50 F. The new and old coatings must be compatible. The determination of compatibility may be accomplished through examination of the owner's records, laboratory analysis, and by field testing.

2. A variety of cleaning and removal systems are available for the Contractor to employ. The use of any one or a combination of more than one is dependent upon the condition of existing coatings, the material applied, manufacturers instructions, and the substrate involved. Because of varying substrates, the selection of tools must be left to the Contractor, with consultation with the paint manufacturer and the City of Manhattan Beach.

(B) Exterior Masonry And Concrete Surfaces

Surface Preparation

1. Remove all dirt, chalk, and any surface contaminates that will interfere with adhesion of subsequent coats without damaging the substrates or adjacent areas.
2. Wirebursh all loose and peeling paint and dust all surfaces before spot priming or applying finish coats.
3. Powerwash all areas to be painted using a mild detergent surface prep. Then rinse with clear clean water until all residue has been removed from all surfaces. Allow the surfaces to thoroughly dry before proceeding with preparation or painting. Contractor is to comply with all environmental laws and regulations during surface preparation, including NPDES discharge requirements of wash water effluent.
4. Moisture content for Masonry and Stucco must not exceed 17%.
5. After washing the surfaces, the areas must be carefully examined for cracking, blistering, peeling or flaking of existing paint. All loose, unsound, or non-adhering paint must be removed.
6. Mildew may be dealt with at this time by metering a mildecide in the power wash. If not metering a solution in the power wash, scrub affected areas with the following solution:

Trisodium Phosphate (TSP)	2/3 Cup
Household Bleach (Clorox)	1 Quart
Powder Detergent	1/3 Cup

7. Add warm water to make 1 Gallon or use a commercially available mildecide. Rinse all surfaces with clear tap water to remove any remaining residue. Severe mildew may require additional treatment. Allow the surfaces to thoroughly dry before proceeding with preparation or painting. Caution: Bleach may be harmful to eyes, clothing, and surrounding vegetation, take all precautions to ensure safety.
8. Efflorescence, White residue salt deposits, shall be removed by wire brushing and acid etching with phosphoric acid. Rinse all surfaces with clear tap water to remove any remaining residue.

9. Note: Efflorescence, which appears on cementitious or plaster surfaces, is caused by moisture entering or contained in the substrate. Water soluble salts in the masonry are brought to the surface where the water evaporates, leaving white residues and/or salt deposits. Defects which cause this problem must be corrected before any painting is attempted. Where rust stains are present, the source must be identified and corrected (i.e. nail heads, flashing handrails, etc.) through removal or remediation. Surfaces should then be cleaned and spot primed with the appropriate primer or sealer as stated in the Finish Schedule.
10. Large cracks must be routed (v-grooved) out and all other surface defects, such as holes and the like, must be repaired using the appropriate patching materials to match the surrounding surface profile. Dust surface and spot prime all patched areas with the appropriate primer or finish coat as stated in the Finish Schedule.
11. Spot prime all patched and sanded areas with the appropriate primer or finish coat as stated in the finish schedule.

(C) Exterior Metal

Surface Preparation

1. Remove all loose and peeling paint, dirt, chalk, and all surface contaminants that will interfere with adhesion of subsequent coats, without damaging the substrates of adjacent areas. Pay special attention to rusting window lintels. These areas may require sandblasting, bead blasting, or dry ice blasting to produce a satisfactory surface for rust protective coatings prior to prime and finish coats. Contractor is to ensure all glass surfaces adjacent to sandblasting operations are protected from damage of sandblasting operations
2. Wirebrush all loose and peeling paint and dust all surfaces before spot priming or applying finish coats.
3. Powerwash all areas to be painted using a mild detergent if required. Upon completion, rinse with clear clean water until all residue has been removed from all surfaces. Allow the surfaces to thoroughly dry before proceeding with preparation or painting.
4. After washing the surfaces, the areas must be carefully examined for cracking, blistering, peeling or flaking of existing paint. All loose, unsound, or non-adhering paint must be removed.
5. Power sand or hand sand all areas of loose unsound or non-adhering paint. All thick edges of the remaining paint shall be feather edged, filled as necessary, and then dusted.
6. Rust, scale, and corrosion must be removed either by power sanding or hand sanding and spot primed with the appropriate primer or finish coat as stated in the Finish Schedule.
7. Unpainted galvanized metal should be solvent washed, treated with an approved etchant and primed with a system compatible primer or finish coat as stated in the finish schedule. Refer to ASTM D6386-99 (2005) Standard Practice for Preparation of (Hot-Dipped Galvanized) Coated Iron and Steel and Hardware Surfaces for

Painting

8. Degloss all glossy and previously enameled surfaces to provide a roughened surface or "tooth" for good adhesion of subsequent coats.

(E) Exterior Wood

Surface Preparation

1. Remove all dirt, chalk, and all surface contaminants that will interfere with adhesion of subsequent coats, without damaging the substrates or adjacent areas.
2. Wirebrush all loose and peeling paint and dust all surfaces before spot priming or applying finish coats.
3. Spot prime all patched and sanded areas with the appropriate primer or finish coat as stated in the finish schedule.

FINISH SCHEDULE

All products specified comply with the current Southern California AQMD air quality regulations governing architectural coatings. Regulatory changes may affect the formulation, availability, or use of specified coatings. It shall be the Contactors responsibility to determine if the coatings or other materials specified meet current requirements

The products listed in this Repaint Specification are supplied by Supreme Paint and Tenemec Coatings and cannot be changed without the express written consent of the City Engineer.

City of Manhattan Beach
Facilities Maintenance Painting 2012
Frequently Asked Questions, Answers and Clarifications

1. What is the Engineer's Estimate?
 - a. The Engineer's Estimate for this project is \$75,000.
2. What are the hours and days we can work?
 - a. See Hours of Work section. Only Monday thru Friday 7:30 a.m. to 5:00 p.m.
3. Are there liquidated damages?
 - a. Yes, see Liquidated Damages section.
4. Do the overhead garage doors require painting inside and out?
 - a. No, only the personnel doors are required to be painted on all surfaces, inside and out at all locations. (Do not paint the hinges)
5. Are any lead based paints?
 - a. To the best of the City's knowledge, the answer is no.
6. Is the contractor required to dispose of their trash off-site?
 - a. All non-toxic trash may be disposed of at the Public Work's Yard Dump Facility.
 - b. All empty paint cans shall be left open when disposed of.
 - c. All toxic waste shall be removed from site and shall be disposed of properly at the contractor's expense.
7. Must the water from the power washing be contained?
 - a. Yes
8. Will the City provide staging area and parking?
 - a. The only location the City can provide a secure (approximately 10' X 10') staging location is at the Public Works Facility which will be available from 8:15 a.m. to 4:15 p.m.
 - b. All other areas, the contractor will require a locked construction box if they wish to leave materials on location.
 - c. The City will provide two free parking passes that will be site and time specific and issued for the 60 day duration of the project.
 - d. There are many locations with-in the City that free parking is available on a first come, first served basis.
 - e. Please note the street sweeping days, the parking passes do not exempt you from being ticketed on those posted times.
9. Is the Engineers Estimate all inclusive?
 - a. Yes it includes the base bid and the additive alternates.

Frequently Asked Questions, Answers and Clarifications
(continued)

10. Is this all strictly exterior painting?
- a. At all locations personnel doors shall be painted with exterior paint, both interior side and exterior side.
11. Is this a Prevailing Wage job?
- a. Yes and as such certified payroll shall be submitted with progress and final payments.
12. Is 12 hours required between each paint process?
- a. Yes, unless the engineer or inspector determines it is okay to proceed.
 - b. This is as much to allow for the City to inspect each step as it is to allow the paint the proper cure time.
13. Can alternate paint brands be used?
- a. Yes, a complete list of proposed paints and products must be submitted for approval prior to the signing of the contract.
 - b. The paint must be of equal or greater quality and of an identical color match to that listed in the bid documents.
 - c. All paints must be in clearly marked containers.
 - d. Paint color samples shall be provided and approved prior to ordering paint.
14. Is there an order to which buildings shall be painted?
- a. Yes
 - i. Historical House first
 - ii. Fire Station 2 second
 - iii. City Hall Annex Building
 - iv. Marine Avenue Sports Complex
 1. Coordinate painting of dugouts so that field play is not interrupted
 2. Dugouts must be available for use on Game Days
 3. The City will provide a game and practice schedule

Submission Deadline: 3/29/2012 11:00 AM Pacific Time

Facility: Historical House

Q1: Has this facility been tested for lead?

A1: It has not been tested; however, to the best of our knowledge there is no lead. The City will verify this by Friday, March 23, 2012, and provide this information.

Q2: Do the exterior steps get painted?

A2: Yes.

Q3: Do the interior of doors and the interior door frames get painted?

A3: Both sides of the doors themselves (exterior and interior) do get painted; however, only the exterior door frames get painted.

Q4: Do the interior of the gutters get painted?

A4: Yes, complete gutters – inside and out.

Q5: Are exterior signs on the Historical House part of the contract?

A5: No.

Q6: Are railings part of the contract?

A6: Yes.

Facility: Fire Station No. 2

Q7: Is the HVAC enclosure on the roof included?

A7: Yes.

Q8: Are the gutters included?

A8: Yes, complete gutters – inside and out.

Q9: Is the painted block wall included?

A9: Yes, the painted block wall is included. The currently unpainted block walls are to remain unpainted.

Q10: Does the metal shed painting include the roof?

A10: Yes.

Submission Deadline: 3/29/2012 11:00 AM Pacific Time

Facility: City Hall Annex (continued)

Q20: How is the exterior wood damage to be handled?

A20: Contractor is to fill small holes; however, major damage found should be promptly reported to the contract administrator for repair.

Q21: Are the automatic doors of the facility included in the contract?

A21: No.

Q22: Do the windows with screens get painted?

A22: Yes, paint in place.

Q23: Is the AC unit and duct to be painted?

A23: Only the duct itself should be painted (to match the building), but the AC unit is not in the contract.

Q24: Is the trash enclosure included?

A24: Yes, inside and out should be painted – even existing areas that are currently unpainted.

Q25: Major damage was visible under the western eave, is that to be repaired?

A25: See A20 herein: “major damage found should be promptly reported to the contract administrator for repair.”

Q26: Do the doors get painted?

A26: Yes. For swing doors, both sides of the doors themselves (exterior and interior) do get painted; however, only the exterior door frames get painted. As stated in A21 herein: the automatic doors of the facility are not included in the contract.

Q27: Do the electrical control units on the northwest corner of the building get painted?

A27: Yes.

NOTE: This Addendum #2 is an update to Question 1 from Addendum #1.

Facility: Historical House

Q1: Has this facility been tested for lead?

A1: It has not been tested; however, to the best of our knowledge there is no lead. The City will verify this by Friday, March 23, 2012, and provide this information.

➔ **UPDATE:** Test results from the Historical House siding and windows proved to be negative. No lead was found.

Q28: Page 50 and 51 include references to spot priming, does this meaning only spot priming is required?

A28: No, any references to spot priming are for patched or heavily rusted areas, after which the entire surface area of the project item is to be primed in its entirety, regardless of the surface type. This priming requirement is mentioned in the Special Notes under each facility.

Q29: What is the minimum time required between each coat of paint?

A29: All areas shall be primed completely, and then two top coats applied with 12 hours of drying and inspection time between each coat (prime coat, 1st top coat, 2nd top coat).

Q30: Page 8, the Contractor's Proposal form, reference dugouts. Is this the price for all six (6) dugouts?

A30: Yes, the price for Item #4 Marine Avenue Sports Complex Dugouts is comprehensive and includes all six (6) dugouts in one lump sum.

Q31: Page 8, the Contractor's Proposal form, includes Item #6 Additive Alternate Bid items, but it is blank. Are there any additive alternate bid items for this project?

A31: No, please leave Item #6 blank.
