Proposed Agenda Item: Re-instatement of Arts Ad-Hoc Committee

I am proposing re-instating the Arts Commission but as an Ad-Hoc Committee to be used as needed and act as an Advisory Board to Staff for potential art projects that appear to be coming forward.

Examples of this advisory work could be the Hamilton Mosaic Project, Bahia Mini Park, New Bus Facility, Project for Peace, Moca signage and art projects etc. It appears that we have a new need for this valuable committee and I believe could aid staff in preliminary work.
