COUNCIL MEMORANDUM NO. 90-20

FROM: Public Works Director

DATE: March 6, 1990

RE: Ordinance 90-10

The City water utility regulations require that we read water meters during the 3rd week of each month and that payments become overdue on the 10th of the following month.

Since we have added sewer billing information to the water bills it occasionally is difficult to mail out the billings within 2 or 3 days of reading meters. Other circumstances such as heavy snow or computer glitches have prevented timely mailing of bills.

The intent of the proposed ordinance change is to allow the customer extra time to pay the bill before we have to impose a "late fee".

Robert E. Harris
Public Works Director
