COUNCIL MEMORANDUM NO. 90-22

FROM: Deputy Administrator

DATE: March 7, 1990

RE: Request for Deferment of Water Utility Bill

Mr. Daniel Steffan is two months in arrears in payment of his water bill and was delivered a 48-hour notice for water turn off. He has asked for an extension until the first week of April. Mr. Steffan has been one or two months delinquent in the past but has always paid in full before water turn-off.

Municipal Code 5.10.160 precludes any City employee from suspending or altering any of the water utility regulations without specific approval or direction of the City Council except in cases of emergency.

Recommend Council approve Mr. Steffan's request to defer payment in full until April 15, 1990.

Wasilla Council Members,

This letter is in request for an extention on the due date of my past due water utility bill which is in the amount of \$92.29 at present. I would ask only that the due date be extended until the first week of April at which time I will pay the amount due in full. There are some extenuating circumstances making it impossible for me to resolve this matter at the present time. I would rather not elaborate on my own financial situation at this time. However if the council sees it as necessary in order to grant this extention at this time, I will take as little time as possible trying to explain my circumstances. Thank you very much for your concideration of this matter.

Sincerely,

Daniel J. Steffan
