COUNCIL MEMORANDUM NO. 90-85

FROM: Mayor Stein

DATE: November 30, 1990

RE: Planning Commission Recommendations  
FY92 Capital Program

The Wasilla Planning and Utilities Commission advertised and held a public hearing on capital projects for the coming year on October 23, 1990. A new proposal was made to construct new Senior housing. No other public comments were received.

The Commission considered the FY91 legislative grant list, the list of non-prioritized projects developed over the past three years, new written nominations and the Mayor's draft priority list. At their meeting of November 27, the Commission approved the attached list for consideration by the Council.

Please consider these projects as you develop priorities for legislative grant requests and the City's capital construction program.
