COUNCIL MEMORANDUM NO. 91-71

FROM: Mayor Stein

DATE: September 19, 1991

RE: Lighted Christmas Decorations

Every year we receive citizen comments on the desire for nice, lighted Christmas decorations. Thirteen poles on the Parks Highway are equipped with power circuits for holiday lighting. Our existing four-year-old lighted garlands are near the end of their useful life.

We have spoken with a manufacturers representative for decorating companies and estimate the cost of individual lighted decorations, accessory garlands and shipping to be about \$400 each. Decorations are warranted for three years and normally serve about six seasons. They are designed for wind resistance and cold weather use. Decorations are clipped to a permanently mounted base on existing lamp posts.

Orders to meet this season must be placed in the next few weeks.

Should Council wish to purchase decorations for this season it could authorize use of Council contingency funds. Christmas decorations were not budgeted this year. \$5,200 would cover the cost of decorating the thirteen poles.

John C. Stein, Mayor
