### COUNCIL MEMORANDUM NO. 91-76

FROM: Finance Director

DATE: October 10, 1991

SUBJECT: Utility Billing Retraining

The Vendor for the software we use for Water and Sewer Billing has completely rewritten the Utility Billing Program to the extent that they are recommending 24 hours of retraining. This training will be needed whether we remain on System/36 or are on the AS400.

We have tentatively scheduled this retraining for January to take advantage of Mentor Personnel who will be traveling through the Anchorage area at that time.
