COUNCIL MEMORANDUM NO. 91-82

FROM: Deputy Administrator

DATE: October 24, 1991

RE: Airport Access Road Improvement

We have obtained the profile and as-built of Rocky Ridge Road and Neuser Drive. The drawings can also be used as a basis for completing construction plans and cost estimates.

Administration intends to advertise for engineering proposals to develop improvement alternatives and associated cost estimates. Once the affordable upgrades are selected, the engineer will complete the construction plans and prepare bid packages for advertisement by next spring.

The cost of engineering services is expected to exceed \$5,000. The Council will be requested to review the proposals and select the engineering firm.

Request Council approval of the above approach to proceed with the airport road improvement project.

Robert E. Harris
Deputy Administrator
