COUNCIL MEMORANDUM NO. 91-87

FROM: Wasilla Planning and Utilities Commission

DATE: November 6, 1991

RE: Junkyards

At their regular meeting of October 29, the Planning Commission reviewed the Council's action to reject a proposed junkyard amendment to the development code. The Commission believes that there is a resident constituency favoring controls over junkyards and that more information on the issue should be considered.

The Commission voted unanimously to respectfully request a worksession with the Council to work out a compromise on the junkyard issue.
