Dear Mayor Stein:

City of Wasilla, Alaska

We have received the list of liquor license renewals that you requested information concerning incidents that may have occurred at these locations.

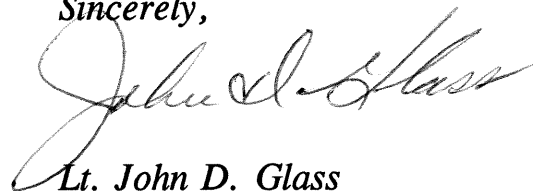

Unfortunately, our systems are not set up to identify the incidents by business name. All our requests for service are by individuals names.

However, in speaking with the troopers who would be responding to these calls, none have been able to think of any major events that would affect a liquor license application.

Hopefully, this information will assist you in your determination of applicants.

If we may be of further assistance, please do not hesitate to contact us.

Sincerely,

*Lt. John D. Glass
